Welcome Dr. Tacx,

To help us finalize the publication of your article please complete the publishing form(s) below.

Note: you will receive a confirmation e-mail after completing each form.

When placing orders via these forms, you may be asked to provide the information listed below.

- **Purchase Order Number**
If a Purchase Order Number is required for payment by your institution and you already have one, please provide it via the publishing form(s). Note that you may still complete the form(s) now, even if you do not have the Purchase Order number available yet.
- **Tax Exemption Number and Tax Exemption Certificate** if applicable to your institution.

For Bank and company address details, see the [Terms and Conditions of Sale and Purchase](#).

Rights and Access

[Complete the Rights and Access information form](#)

Elsevier supports responsible sharing. To find out how you can share your article, please visit our [Sharing Policy page](#).

For information on author rights visit Elsevier's [Author Rights](#) pages.

For information on publishing open access with Elsevier visit [elsevier.com/openaccess](#).

Open Access Policy

FinELib - Research reported in the article was conducted at a **Finnish university/research institute**.

Corresponding authors affiliated with one of the [participating Finnish university/research institutes](#) are able to benefit from the FinELib-Elsevier Open Access pilot. When publishing open access with Elsevier, these corresponding authors will receive a 50% discount on the APC list price. For more information: visit [Elsevier's FinELib agreement page](#).

☒ **Gold Open Access**

I would like to publish my article gold open access, making my final published article immediately available to everyone. I can share my article widely in accordance with the user license that I select.

☐ **Subscription**

I would like to publish my article under subscription, making my final published article immediately available to all subscribers. I do not have to pay a fee. I can share my article widely in accordance with the [Elsevier Sharing policy](#). As part of this policy, I can post the accepted manuscript in my institution's repository and make this public after an embargo period.
