

MOSES EMASU

Tutor for Exchange Students

Hej Hej!

I'm Moses Emasu from the Governance of Digitalization. First of all, congrats to you for getting selected for this programme and accepting the offer. Welcome to

Åbo Akademi University and Finland!

Being an international student from Uganda, I can understand it can be quite nervous of moving to a new location. But I can say, it is all going to be fine. We are here to help you out with your questions and help you transition to your new academic life and place.

Looking forward to meeting you all!
