

ello there fellow Russian language scholars!

My name is Alexander, and I'll be your tutor for the upcoming study year.

I was born in Saint Petersburg and studied philology in the HSE before coming to Turku almost a year ago.

Professionally, my particular interest lies in the sphere of digital discourse and corpus-based studies. I like contemporary art and literature, sci-fi movies, westerns, film noir and I listen to the 1980s songs all the time. Basically, I'm interested in almost everything and try to learn new things whenever I have a chance, so we'll definitely find something in common! Moreover, I'm a devoted traveler and have been to nearly 25 countries so far, including Vietnam, where I taught English for a year :)

I'll help you with each and every question that can occur during your first weeks in Turku and explain all the intricacies of the student life at our wonderful Åbo Akademi, so that your 'landing phase' takes place as smooth and worry-free as possible!

До встречи!
