ABOUT ME

Hey everyone! My name is Kira and I study Health Sciences at Abo Akademi University. I also serve as Vice Chair of the board in Vitalitas. ✨ I come from Espoo, in the southern part of Finland.

The best thing about studying here is the amazing balance between academics and student life, there's always something happening and so many opportunities to explore new things and meet new people.

I hope your exchange experience will be full of fun memories, new friendships, and unforgettable moments. See you soon!

FUNFACT

I love being active in student life and creating a welcoming community for new students.

I'm a social and positive person who survives mainly on caffeine and good vibes. ☕ I enjoy spending time with my boyfriend and friends, going to the gym, and of course making new memories.

ps. I own the cutest labrador <3

HER NAME IS BELLA 🐾
