INTRODUCTION TO THE SURVIVAL GUIDE

This is your survival guide for the coming year in either Åbo or Vasa. In this booklet, you will find useful information about the institutions: Åbo Akademi University (ÅAU) and Novia University of Applied Sciences (Novia UAS). **Be sure to notice the difference in information regarding the institutions as well as the cities.** In regard to this, chapters 2 and 3 separately introduce the institutions. However, there are also common elements and joint endeavours between the institutions, e.g., the sports offered by the institutions.

We do hope that you read this booklet thoroughly; it contains a lot of useful information. At least flip through the booklet and take note of keywords and sentences that are in **bold**. As this is a printed guide and information might change, please always refer to the links provided for the most updated and correct information. This booklet is further designed to be a reference guide. Links and sources contain more in-depth information. A digital version of the survival guide is available on the "Exchange students" page of the abo.fi website (for easy access scan the QR code given below)

At this point we would like to welcome you to Finland, whether you are staying in Åbo or Vasa. Both ÅAU and Novia University of Applied Sciences look forward to your time here and your engagement with academic affairs. Studying and working in Finland can be an adventure, one we hope every incoming student and employee will enjoy. This experience might differ greatly from anything else in your home country. We hope you embrace your new experiences and that you find or learn something new to bring with you back home. Do what makes you comfortable, make new friends and experience the Finnish culture!

**From Åbo Akademi University and Novia University of Applied Sciences,
Welcome!**

1. Finland

Finland in a nutshell

Due to the fact that Finland has two official languages (Finnish and Swedish), most towns have names in both languages. For example, Vasa (Swe) / Vaasa (Fin) and Åbo (Swe) / Turku (Fin). In this guide we use the Swedish names at both ÅAU, and Novia University of Applied Sciences are Swedish-speaking institutions.

Population: 5.65 million (03/2026).

Area: 338,424 km² (the fifth-largest country in Western Europe).

Capital: Helsingfors (Swe) / Helsinki (Fin) (1.61 million inhabitants in metropolitan area 2025).

Languages: Official national languages are Finnish (spoken as a first language by 87%) and Swedish (5.2%). Sámi is an official regional language and the mother tongue of about 2,000 people, who are members of the indigenous Sámi people of northern Lapland.

Form of government: Republic, parliamentary democracy.

Head of State: President of the Republic, currently Mr. Alexander Stubb.

International cooperation: Member of the United Nations since 1955, the Council of Europe since 1989, the European Union since 1995, and NATO since 2023.

Currency unit: Euro.

Climate: Great contrasts: cold winters and fairly warm summers (2025 extremes: coldest day was in Savukosko -39.6°C / -39.28°F and warmest day was in Heinola and in Savilahti 32.6°C / 90.68°F).

For more information about Finland, see www.visitfinland.com/.

For information about moving to and living in Finland, see the multilingual [InfoFinland](#) website. It provides vital information for moving and living in Finland. Clear and up-to-date contents are available in 12 languages. Check out at least the following pages:

- [Financing your studies](#)
- [Foreign students in Finland](#)

In the [Finnishcourses.fi](#) service, you can search for Finnish and Swedish language courses. You can also find more information about studying Finnish and Swedish on the InfoFinland page [Finnish and Swedish](#).

The city of Åbo/Turku

Åbo, or Turku in Finnish, is situated on the southwest coast of Finland and is the sixth largest city in Finland with a population of approximately 201,000. Åbo is one of many officially bilingual towns in Finland (approx. 5% speak Swedish as their native language in the city).

Founded in the 13th century, Åbo is also the oldest city in Finland. It was the provincial capital of Finland until 1812, when the title was transferred to Helsingfors after Finland became an autonomous Grand Duchy of Russia.

Åbo is an important Baltic port for both goods and passenger traffic and is one of the centres for the shipbuilding industry in Finland. Other major industries include pharmaceuticals, electronics, and high technology. The areas of top expertise in Åbo are biosciences, ICT, logistics and tourism.

Åbo is a large university town with about 40,000 students. It is the official Christmas city of Finland and was the European Capital of Culture in 2011. Just outside of Åbo, you find a beautiful archipelago with more than 20,000 islands.

For more information about Åbo, see www.turku.fi/en or www.visitturku.fi/en.

The city of Vasa/Vaasa

Vasa, or Vaasa in Finnish, is situated on the west coast of Finland and is the regional capital of Ostrobothnia. Vasa has a population of about 71,000, of which 23% are Swedish-speaking, and about 16,000 students.

Vasa is a centre of education, both in general and in terms of teacher training, as most future teachers for Swedish-speaking schools in Finland get parts of their education in Vasa. The largest energy technology cluster of the Nordic countries is concentrated in the Vasa region with around 11,000 employees.

Vasa is known as the sunniest town in Finland based on the number of sunny hours a year. The town was founded in 1606 and got its name after the Swedish Royal house of Vasa (Gustav Vasa was the King of Sweden in the 16th century. Finland was a part of Sweden until 1809). The beautiful archipelago (Kvarken) outside Vasa has been on the UNESCO's world heritage list since 2006.

For more information about Vasa, see www.vaasa.fi/en/ or www.vaasa.fi/en/see-and-experience/.

Åbo Akademi University

ÅAU is the only multidisciplinary Swedish-language university in Finland. The university was founded in 1918 to provide higher education for the Swedish-speaking minority in Finland. The main language of teaching and administration is Swedish, but an increasing number of courses and programmes are taught in English.

ÅAU has a strong international profile. Out of our total student population (6,000 students) about 1,000 students are international students and out of these approximately 225 are international exchange students. ÅAU is one of the most international universities in Finland when looking at the student population and we are happy to be able to offer an international environment for both our international and domestic students.

As of September 2025, ÅAU is divided into two faculties:

- Faculty of Human and Social Science
- Faculty of Science and Engineering

The university has two main campuses, Åbo and Vasa. For more information, see chapter 2 and www.abo.fi/en/about-abo-akademi-university/

Novia University of Applied Sciences

Novia UAS offers multidisciplinary higher education with a practical orientation, training professionals for expert and development posts based on the requirements of working life and its development, on scientific research and artistic principles.

With over 5,000 students and 350 staff members Novia UAS is the largest Swedish-language university of applied sciences in Finland. Novia UAS was founded in 2008 as a merger of earlier educational institutions. The new organization has a 150-year continuum of education and a dynamic and adaptable approach to the changing needs of society.

Novia UAS operates on four campuses in four different towns: Vasa (Swe)/ Vaasa (Fin), Åbo (Swe)/ Turku (Fin), Jakobstad (Swe)/ Pietarsaari (Fin) and Raseborg (Swe)/ Raasepori (Fin), along the west coast of Finland. Novia has a yearly intake of about 150 exchange students as well as 250 international students who study for a degree in the degree programs in English.

Novia UAS offers education in the following study fields:

- Culture and Arts
- Business Administration
- Engineering
- Construction Management
- Marine Technology
- Natural Resources
- Health Care
- Social Services
- Beauty and Cosmetics

For more information, see chapter 3 and www.novia.fi.

The student unions are public corporations completely independent of their respective universities. The role of the student unions is to represent their members in the university administration, to improve the position of students in the society in general and to provide the members with services ranging from consultations with lawyers to extra-curricular free time activities.

Members of the Student Union are entitled to:

- Subsidized lunches in the student cafeterias
- Long distance bus/railway/ferry tickets at student prices in Finland
- Reductions in most theatres, concerts, exhibitions, swimming pools, sport centres and in some shops and restaurants by showing their student card
- Reductions in over 1,000 shops. For a full list of the shops included in the benefits, see <https://student.frank.fi/offers>.
- Basic health care at the Finnish Student Health Service (does not apply to exchange students)

- Advice for members in matters related to both studies and social affairs

Student Union Membership

There is a student union (studentkår in Swedish, ylioppilaskunta in Finnish) at every Finnish university. Membership of a student union is compulsory by law for all Finnish undergraduate students, and for those international students who are studying for a Finnish degree (bachelor's or master's). Therefore, as a student at Åbo Akademi University you're automatically also a member of the Student Union of Åbo Akademi University (ÅAS). Exchange students studying in Finland for three months or more can join a student union too, but it is not mandatory. The Student Union membership fee is €69.00 for the academic year 2026-2027 (€34.50 per semester). Non-degree students or students within specialized studies are not entitled to be members of the Student Union and should therefore not pay the membership fee. For more information, see www.studentkaren.fi or contact kansli@studentkaren.fi.

There are also many **student associations** within the university and within each faculty. These are sub-organizations of the Student Union, and the purpose of their work is to bring forth the opinions of the different associations within the university. Another important purpose of the student associations is to create opportunities for students to meet new and old friends by organizing e.g., meetings, parties, and excursions. There are also student associations specifically for international students. For more information about all the different associations, see <https://studentkaren.fi/en/associations/aas-student-associations/>.

ÅAS Membership Benefits

In addition to the general Student Union benefits mentioned before, ÅAS services for its members include the usage of e.g. meeting rooms for free at Kåren in Åbo and Havtornen in Vasa. Students can apply for an apartment at student residence Tavasthem that is located at Kåren in Åbo. There is also a gym and sauna in Kåren that can be used for a discounted price for students. Moreover, in Åbo, ÅAS offers free legal advice once a week together with the Student Union at the University of Turku (TYY). A sexual health counsellor is also available for free for members of the Student Union. The Service Experts in Åbo and Vasa can answer questions on membership benefits. The Students' Rights Expert offers help and consultation in academic, social, and international affairs to all Student Union members.

Two of the Student Union employees act as harassment contact persons. You can talk to the contact persons, in confidence, to get help and support if you

have been subject to inappropriate behaviour and jargon, bullying, discrimination, sexual harassment or violence.

<https://www.studentkaren.fi/en/harassment-contact-persons>

The Student Card

The student identification card used in Finland is called Frank. The card is your Student Union membership card and with it comes offers for all kinds of services and benefits. To order your student card you need to be enrolled at ÅAU and be a member of the Student Union of ÅAU (ÅAS).

Your student card can easily be accessed as a digital student card. We recommend that you download the Frank App on your phone. Other options are Tuudo or Kide App. They are all free to download and available in the official app stores.

Note that you must upload a digital photo of yourself and you have to provide your student number once you log in.

You can order a plastic student card (€25) at <https://www.frank.fi/en/>. The card is sent by mail to your address in Finland. Note that your student card is validated with a new term sticker every autumn/spring after you have paid the membership fee. The card is not valid without the term sticker.

You can also combine the student card with the ISIC feature (digital or physical). For more information, please see www.frank.fi/en/studentcard/.

Note that the international student identity card (ISIC) alone does not give you access to subsidized student meals or discounts in public transportation in Finland. For this, you need the official student card issued by the National Union of Finnish Students (SYL/FSF). For more information, please see www.studentkaren.fi/en/students/membership/.

Friendship Programme (only in Åbo)

During the autumn/spring, it is possible to participate in a voluntary-based Friendship Programme. The programme aims at offering international visitors and local families a chance for mutual cultural exchange. With a friend from the local community, it is possible to learn about Finnish culture and everyday life. All activities within the Friendship Programme are voluntary, which

means that the international visitor and his/her Friend decide on their own how much and in what way they want to spend time together. The participants of the programme are ordinary Finnish families and people of different ages living in Åbo or the neighbouring area. The programme period is one term. The application form and more information can be found at www.abo.fi/en/friendship-programme/.

Exchange Students

Study Registry

ÅAU has a study register where information on our students is registered. We only register information that is required by law in order to be able to register your study credits and your study time at ÅAU. For more information on how we handle your personal details in our registry, please see www.abo.fi/en/processing-of-personal-data-at-abo-akademi-university/.

University Enrollment

To enroll as present and have the right to study and receive credits, you must enroll at Åbo Akademi University

Exchange students must enroll in person with the administrative staff during the arrival day during the orientation week.

In Åbo, enrolling as present can be done at the International Office in Astra, Porthansgatan 3. In Vasa, the enrollment is made at the International Office: Academill.

Exchange students will receive more information on when and where exactly they can come and enroll before the studies start. When you visit us to enroll, you should bring with you your ID and printed or digital receipt of the student union fee. You get the invoice for the student union fee from the ÅAU exchange coordinators.

When enrolling, you will obtain your personal username and password to access Åbo Akademi's student systems.

For other enquiries, please contact exchange@abo.fi.

Exchange students at the Åbo campus have the right to take courses at the University of Turku (UTU) as well.

In this case, you must enroll at UTU too. Students at ÅAU wishing to take courses at UTU should follow the instructions given by International Affairs. For more information on attending courses in UTU, please see <https://www.abo.fi/en/study/study-abroad/exchange-students/courses-at-the-university-of-turku/>.

The process of acquiring a student number at UTU is handled via email. A transcript can only be issued once you have obtained your student number in the specific university where you plan to take your courses.

Study Counselling

If you need consultation on your studies, contact International Affairs who will be able to advise you further.

All new exchange students are expected to attend the **Orientation Week** at the beginning of the term. You will receive a lot of useful information during these days. The Orientation Week provides you with necessary information about the university, helps you to adjust to Finnish student life and to living in Åbo or Vasa.

Degree Students

Study Registry

ÅAU has a study register where information on our students is registered. We only register information that is required by law in order to be able to register your study credits and your study time at ÅAU. For more information on how we handle your personal details in our registry, please see www.abo.fi/en/processing-of-personal-data-at-abo-akademi-university/.

University Registration

Students who have accepted the study entitlement by the deadline given in the admission letter can enroll online by following the link they got in their application confirmation email or by logging into studyinfo.fi. If unable to log into the service, you can enroll in person at the orientation week. Students will receive information from Admissions services on how and where to enroll in person after being accepted to the university. The enrollment in person must be made before August 31st. First-year degree students who have not enrolled by August 31st will lose their right to enroll. Second year students onwards can enroll online from May until August 31st at <https://oili.csc.fi/?lang=en>.

If you do not enroll before the enrollment deadline, you will need to apply for re-entry and pay a re-entry fee of 50€. You are not charged a re-entry fee if you are admitted for a different period than an academic term.

Please follow the instructions found on our website:

<https://www.abo.fi/en/study/already-in/annual-enrollment/>.

If unable to log into the service, you can enroll in person via Zoom or at the orientation week.

Note that students must enroll every year. However, the registration procedures for new students are different from those already enrolled. All students who have enrolled during the previous year receive information via email about registration before the start of the autumn term.

Degree students who are liable for tuition fees must have paid the fee before registration. All new degree students are expected to attend the **Orientation Week** at the beginning of the term. You will receive a lot of useful information during these days. The Orientation Week provides you with necessary information about the university, helps you to adjust to Finnish student life and to living in Åbo or Vasa.

Study Counselling

Soon after the beginning of your studies, you will make a **personal study plan**. Usually, the plan is discussed with your contact person at the department. If you need counselling concerning your studies, contact the study advisor of your department or your teacher tutor. There is also a study psychologist to talk to if you are experiencing motivation problems, stress and other study related issues. For more information about the study psychologist, please see <https://www.abo.fi/en/study/already-in/student-wellbeing/study-psychologist/>.

Degree students at the Åbo campus have the right to take courses at the University of Turku (UTU) as well. In this case, you must enroll at UTU too. Students at ÅAU wishing to take courses at UTU should follow the instructions given by International Affairs. For more information on attending courses in UTU, please see <https://www.abo.fi/en/study/study-abroad/exchange-students/courses-at-the-university-of-turku/>.

The process of acquiring a student number at UTU is handled via email. A transcript can only be issued once you have obtained your student number in the specific university where you plan to take your courses.

PhD Students

General information

Here are some useful links to websites on ÅAU's intranet with information about doctoral studies: [Doctoral studies \(sharepoint.com\)](https://sharepoint.com/Doctoral%20studies), [Instructions and regulations for doctoral studies \(sharepoint.com\)](https://sharepoint.com/Instructions%20and%20regulations%20for%20doctoral%20studies).

Student cards: As a PhD student you are entitled to some student benefits. You can get a free student card from Tuudo (<https://www.tuudo.fi/en/>) or you can get the Frank student card (<https://www.frank.fi/en/>) which requires you to be a member of the Student Union of ÅAU (ÅAS). For an international student card which also works in other countries you can get ISIC (<https://www.isic.fi/en/>). Note that the ISIC might not give all benefits that are available with the other two.

University Registration

New PhD students are enrolled as present for their first semester automatically when granted a doctoral study right. For questions on enrollment, contact either graduateschool@abo.fi. Note that PhD students must register every year. PhD students register in the same way as other degree students (except for the first registration) during the registration period before August 29th.

Student Union Membership

PhD students have the possibility to join the Student Union, but it is not mandatory. Note that the membership benefits of PhD students are fewer than those of exchange and degree students. For more information, please see chapter 2.2 or www.studentkaren.fi/en/students/membership/.

Study counselling

If you need to discuss your studies, please turn to your supervisor. Your supervisor is the best person to give you advice. Study counselling for doctoral students varies between faculties and departments. The study tools used at ÅAU are the learning platform, Moodle, and the study planning tool, Peppi. Here you can find more information about them: <https://www.abo.fi/en/study/moodle/> and <https://www.abo.fi/en/study/already-in/plan-your-studies/>.

To find a list of courses at ÅAU look here: [Courses for doctoral students \(sharepoint.com\)](https://sharepoint.com/Courses%20for%20doctoral%20students). Note that a mandatory course for all PhD students is either Research Ethics 1 or Research Ethics 2, you will receive an email about this course directly to your abo.fi mail.

Additionally, ÅAU offers staff training and education courses to support skills development for all PhD students. More information can be found here: <https://abofi.sharepoint.com/sites/intra-en-staff-training>.

Research Services

The personnel at Research Services helps you with all research-related questions. For important information about the study registry, see chapter 2.4.

Practical things for employed PhD students

Health care: Occupational health care services are provided by Terveystalo, free of charge. Visits to specialist (such as a psychologist or physiotherapist) 1–3 times per year or, in exceptional cases, up to 5 times per year. Note that dental care is not included. For information concerning sick leave see here:

[Absences due to illness \(sharepoint.com\)](#).

Worktime allocation: All employed staff and PhD students must allocate their working hours in Reportronic ([Arbetsstidsallokering \(sharepoint.com\)](#)). See here for instructions: [Reportronic user manual.docx \(sharepoint.com\)](#).

Holidays and requests for leave of absence: As employed, you must notify your employer when you need a leave of absence (for example, family, sickness etc.). For more information and a list of different leaves, absences and annual holidays look here: [Holidays and leaves of absence \(sharepoint.com\)](#)

Travel for work: For information regarding travel for work see here: [Travel for employed \(sharepoint.com\)](#).

Practical things for non-employed

Health care: Non-employed (i.e., self-funded) PhD students do not get occupational health care service. Instead, you need to contact the local healthcare providers. Turku: [Etusivu | Varha](#) and Vaasa: [Health centre services - The Wellbeing Services County of Ostrobothnia \(osterbottensvalfard.fi\)](#). If you are not employed but in need of mental health services, you can reach out to the study psychologist at ÅAU to get guidance on what to do, more information here: [Study psychologist \(sharepoint.com\)](#). The Crisis Helpline (mieli.fi, [link here](#)) allows you to discuss your thoughts, feelings and situation in life with a crisis worker or a trained volunteer.

Keys and access to computers: Non-employed need an AFIA-contract specifying the rights to buildings, IT infrastructure, computers, library access, printing, mail, workstation, etc. Contact your supervisor to get the AFIA-contract.

Grants

ÅAU has several grants available for PhD students. For more information about grants with continuous application look here: [Grants with continuous application \(sharepoint.com\)](#) and for grants with specific application deadlines: [Grants with specific application deadlines \(sharepoint.com\)](#). For more

information on scientific research funding in Finland, see the [Research Council of Finland](#) website and the [Research.fi funding calls database](#).

Close to graduation

On the intranet, you can find important information about the [dissertations and theses](#), [examination of licentiate theses](#), [preliminary examination of doctoral dissertations](#), and the [public defence](#).

Karonkka is a party after defending the doctoral dissertation and is an old academic tradition held on the evening of the dissertation day. Karonkka is arranged in honour of the opponent, and the host or hostess of Karonkka is the doctoral candidate. The doctoral candidate can choose the place himself/herself and design the festivity based on their own preferences. Karonkka offers the doctoral candidate the opportunity to thank the colleagues and friends involved in the dissertation. At least the opponent, custos of the public defence and supervisors are invited to Karonkka. Often, they include a coffee and cake after the defence, followed by a dinner.

Doctoral Researcher Association at Åbo Akademi University

Doktorandföreningen vid Åbo Akademi/ Doctoral Researcher Association at Åbo Akademi University, also known as DÅCTA, is a non-profit association for all PhD students at Åbo Akademi University. DÅCTA is active in both Turku and Vaasa campus and is operated by PhD students at ÅAU who are selected to the board once per year.

The goal of DÅCTA is to create a community for social and professional networking between doctoral researchers at the university. DÅCTA arranges numerous social events along the academic year ranging from after work, coffee meetings, board game nights, the annual doctoral dinner as well as other fun activities for all doctoral researchers at ÅAU. DÅCTA's events are a great place to meet other doctoral researchers from different faculties and to enjoy a relaxing evening together or to discuss issues concerning the doctoral studies. DÅCTA is also collaborating closely with different ÅAU bodies such as Research Services.

More information about the association and how to become a member can be found here: <https://doktorandforeningen.fi/en/>. You can find DÅCTA on Instagram ([@doktorandforeningen](#)) and the Facebook Group “[PhD Students at ÅAU](#)”. You can also contact the board directly at board@doktorandforeningen.fi if you have any questions.

International Trainees and Visiting Students

Students who arrive to Finland for an internship or Erasmus placement period are considered as employees of the host organization. The host organization can be any public or private enterprise, also a university.

Normally students doing an internship, within a university or in another organization, will not be registered as university students and thus cannot join the Student Union and will not receive student benefits. However, trainees of a university can get access to the university library and computer services.

A visiting student must, as soon as he or she is granted a study right, visit the Student Office to **register for the academic year**. At the time of registration, the student receives a student number but should not pay the Student Union fee. **The student should always be registered as present at his or her home university before enrolling at the host university.**

Those who pursue freestanding studies at **Åbo Akademi University** must **follow the directions for registration given in the admission letter**. The main rule is that you should be registered as present in order to attend courses. Supplementary studies after a degree are conducted by the Centre for Lifelong Learning at ÅAU (CLL), and registration is done according to the instructions given by CLL. This also applies to those who study as extra students or as students at the Open University (ÖPU) and within continuing education. A visiting student has the right to study only in the program to which he/she has been accepted. However, if the program includes courses that are arranged by another university, the visiting student has the right to participate in these courses and needs to register with the organizing university.

General Information Concerning Studies

Courses

The courses at ÅAU vary in length and can therefore run for, for instance, an entire semester or one period (half a semester). Students have to register for courses before attending them. This is done through the study planning tool, **Peppi**, at studie.abo.fi. By logging into Peppi with your ÅAU credentials, you will be able to enrol to courses and see your achievements. More information on courses (course requirements, prerequisites etc.) can be found in the Study Guide at studiehandboken.abo.fi (choose the English version in the top right corner).

Course Assessment and Examinations

Most courses are assessed by a written examination and/or an essay at the end of the course. Other assignments during the course are usually part of the course assessment. The lecturer will inform the course participants of the requirements at the beginning of the course. As the courses vary in length, there are exams throughout the term.

Sometimes students are required to sign up for an exam, please check this with your lecturer. If you need to do so, you should sign up according to separate instructions, found here <https://www.abo.fi/en/study/already-in/plan-your-studies/>.

Some exams are available as electronic exams; however, you need to check with your lecturer about the possibility to write an exam electronically. For more information on electronic exams, please see <https://libguides.abo.fi/e-exam/>.

There are certain **general regulations regarding exams and essays**, see <https://abofi.sharepoint.com/sites/intra-en-teaching/SitePages/Regulations-and-instructions.aspx> (the link requires ÅA login).

Please note that departments and/or subjects may have additional regulations and guidelines.

Academic freedom and academic responsibility

The university has rules that must be followed. **Cheating and plagiarism are against the university regulations.** Plagiarism means that the work of someone else is presented as one's own. This includes using AI generated texts and copying from books, the Internet, as well as from other written or spoken mediums without reference to the original source. For additional information see here: [Responsible conduct of research/Research integrity, cheating and plagiarism](#)

Cheating

Cheating means that you break one of the rules set for examinations. This includes completing an assignment for another person, copying other students' answers during the examination and/or bringing any books, papers, or other reading material to the examination unless the teacher has given specific permission beforehand. This means that phones, other electronic devices, smart watches, earphones, meta glasses etc., are strictly prohibited during an exam. Always ask before the exam if you are unsure what you are allowed to have on you.

In the case of a suspected misconduct, the case will always be investigated, and the student will be heard. If the student is found cheating in an examination or is caught plagiarizing, the matter will be brought to the Rector who then

decides on the issuing of a warning. **The consequence for exchange students is that the home university will be informed of the Rector's warning and the student will fail the course.** In cases that are more serious the consequence is expulsion for a period of time.

Study Guide

Study Guide refers both to the student's individual study plan, and to the IT tool for administering the study plan, and for registering for courses and exams. Information on all courses is found in the electronic study guide, which is openly accessible online at studiehandboken.abo.fi. All courses require online registration before the start of the course. Note that some courses have a minimum and/or maximum number of participants and that there may be requirements regarding previous studies.

Transcript of Records

The department or faculty office registers all results with the central study register of the university, **Peppi**. Exchange students can download an official transcript of records from Peppi at the end of the studies when all of the studies and credits have been registered in peppi. Only completed courses will show on the transcript of records.

International Affairs will send an official transcript of records of all passed courses to exchange students and/or their home university only when requested.

For more information, see www.abo.fi/en/study/study-abroad/exchange-students/information-for-accepted-exchange-students/in-the-end-of-the-exchange/.

A student can download and print an official transcript from Peppi. Degree students and visiting students can also get transcripts when needed from the Student Service Desk. If a student needs an additional transcript after having finished the exchange or degree at ÅAU, a new transcript can be issued but is subject to an additional fee of €35/transcript.

Former exchange students who need additional transcript can contact the International Affairs office at exchange@bo.fi

Credits

All coursework is measured in credits (*studiepoäng, sp*). The recommended amount of **credits for one academic year is 60. A bachelor's degree (kandidatexamen) consists of 180 credits and a master's degree**

(*magisterexamen*) of **120 credits**. The credit system is compatible with the European Credits Transfer System (ECTS) where a year of full-time studies corresponds to 60 ECTS.

Grades

Most courses are graded. The grading system runs from **5 to 1** with 5 being the highest score and 1 the lowest passing grade. Some courses are given on a **pass/fail** basis without further grading.

Flexible studies

Flexible studies refer to flexible study rights agreed by Finnish universities where a student can take a course from another university free of charge provided that the universities have an agreement on this. For additional information check out our website or contact the student administration. Please see <https://www.abo.fi/en/study/already-in/flexible-studies/joo-flexible-study-right/joo-flexible-study-right-for-exchange-students/>.

Keys

ÅAU uses an electronic access control in most of its buildings. Students can order personal keys to access specific buildings and departments. For more information about keys, visit: <https://abofi.sharepoint.com/sites/intra-en-facilities/SitePages/Electronic-access-control-and-keys.aspx> (the link requires ÅA login).

Tuudo

Tuudo is a mobile application for university students, which can be downloaded from the App Store or Google Play. Log in by using your ÅAU log in details. It offers students access to their study information and other services that make student life easier. In Tuudo, you can check your courses, schedules, grades, maps of the campuses, and the menus of the student restaurants.

For more information, see <https://www.tuudo.fi/en/for-students/>.

Libraries

ÅAU Library is an all-around knowledge centre actively supporting research, teaching, and learning. The library serves primarily teachers, researchers and students at the university, but it is also open to the general public. The library offers access to 17,000 e-journals and over 600,000 e-books and to reference databases, which are available via the library and other computers in the university network or by remote login with abo.fi-user accounts.

Students and staff at ÅAU and Novia can use the mobile app Tuudo to create and activate a digital library card.

For more information on the activation of the digital card, see <https://abofi.sharepoint.com/sites/intra-en-library/SitePages/Introducing-an-electronic-library-card.aspx>.

Others need to apply for a physical library card in advance by using the following application form

https://survey.abo.fi/lomakkeet/3962/lomake.html?rinnakkaislomake=lanekortsansokan_eng.

You can pick up your card the following day at all ÅAU libraries. Bring a valid ID with a photo.

Most of the university library services are free of charge, except interlibrary loans, certain book orders and information retrieval. In addition, if you do not return books by the due date, you will have to pay a fine accordingly. Your borrowing rights may also be suspended if you leave the fines unpaid and for certain other reasons. Check the terms and conditions for loans of each library you borrow books from.

The books that are prescribed for a course at ÅAU in Åbo should be available at the **ASA course book library**. For those studying at the Vasa Campus, course books can be found at the **university course book library Academill** in Vasa. For courses given at UTU, please consult their course book library. There should be several copies of each book, but please note that there may not be enough copies for all course participants.

In the university libraries, most items are listed in the **library catalogue**.

Use the database Alma Finna for ÅAU-libraries.

The database Alma is the online public access catalogue of the library, see <https://abo.finna.fi/?lng=en-gb>. **Please note that some library units have open shelves whereas others have closed stacks, in which case the material must be requested via Alma.** For more information on the facilities of the different units, opening hours, contact information, and loaning policies, see www.abo.fi/en/library/.

ÅAU Library consists of several units, which focus on different disciplines. In connection to the library units, there are computers, photocopiers, reading rooms, desks, cafés, and smaller rooms for groups. You can also read newspapers at the library. The facilities vary between the different units.

For books in the libraries of UTU, use **Volter**. You will find the information on the library catalogue and how to use it on the library's web pages: https://utuvolter.fi/discovery/search?vid=358FIN_UTUR:VU1&lang=en.

You may also want to use the database of all Finnish university libraries, **Melinda** (www.kansalliskirjasto.fi/en/services/melinda) as well as other special databases. Information about the catalogues and the databases is available on the library web pages. Online searches in the university network's catalogues and databases are free of charge and can be done in Swedish, Finnish and English. You can ask the library staff for help to get you started.

ÅAU Library Service Units:

Åbo Akademi University Library opened in 1919. Since its start, the library has had a status as a legal depository library, making the domestic publications collection almost complete. In additions to the legal deposits, proceeds from the Gösta Brander foundation greatly contribute to the library's acquisitions.

In total, the collections comprise over two million printed books and journals, and access to tens of thousands licensed e-journals and hundreds of thousands of e-books. The collections can be viewed and accessed through the library's search portal Alma.

The library, which is also open to the public, comprises three service units: two in Turku and one in Vaasa. Students and staff of Novia in Vaasa are served by Tritonia Academic Library. The largest specialist library on religion in the Nordic countries, and whose collections also are included in Alma, The Donner Institute Library, is closely connected to ÅAU Library. Anyone can borrow books from the Vaasa City Library free of charge. In order to obtain a library card, you have to visit the library and present proof of identity. If books and other materials are not returned by the due date, overdue fees are charged. It is also possible to borrow different types of recordings and electronic material from the public libraries. The public library also offers a variety of newspapers. Computers can be used in all libraries. In addition to the main library, there are five other units in the city area, as well as other libraries belonging to the same network (Finna) and using the same library card.

IT Facilities

ÅAU has its own ICT services, which provide the university staff and students IT services free of charge. ICT services maintain and develop programs, give instructions and information on the use of PCs and develop data processing within the university in general.

The PCs and terminals managed by the university are linked to a local university computer network and to the catalogue databases of the university library. Registered students, staff, researchers and visiting researchers can get access to the IT facilities at the university. **In order to use the computer network, you will need a user account, which is supplied by the ICT services.**

If you need help with computer-related problems, or if you suspect you have opened a file containing a virus on a university computer, please contact ICT services. Various kinds of software, including virus protection, word-processing, and spreadsheets, are available for home/personal use at low prices or for free at ICT services. For more information, contact ICT services or visit: <https://abofi.sharepoint.com/sites/intra-en-ict> (link requires ÅA login).

Username and password

Registered students are granted a user account with access to the university computers. Your username and password for the IT services at ÅAU are personal and you must not give your personal account information to anyone else.

Your username and password are used within the university for several services requiring a login, such as email, the local web, the study register, certain library services etc.

The compulsory information security course

ÅAU has an annual information security course, which is compulsory for everyone with an active ÅAU username. **If you do not complete the course, you will lose access to your ÅAU account.**

You can find the course at <https://infosecmoodle.abo.fi/login/index.php>. You can log in on this site even if your account is locked. Use your short username and ÅAU password to log in. Please note that to pass the test all parts of the course must be completed. Note also, that if your account has been locked, you will have to change your password after completing the course. For more information, please see www.abo.fi/en/about-abo-akademi-university/it-help/#information-on-the-compulsory-information-security-course.

Email

Once you have received your user account for the university network (see above), you should be able to use your own ÅAU email account. You can check your mail directly in your browser by going to <https://exchange.abo.fi>. Log in as username@abo.fi or firstname.lastname@abo.fi. You can also use email client applications. We recommend that you use Outlook. Please note that **the Outlook app is blocked on mobile devices** for security reasons. Use your device's pre-installed e-mail app instead.

It is recommended that you use your ÅAU email account while staying in Finland. The abo.fi email address is used by the university, including International Affairs, to contact you regarding study matters. General information from the university is also sent to the abo.fi email. Therefore, **all students and staff are advised to use their abo.fi email**. Your department and various student associations may have mailing lists that you can ask to be added to in order to receive information on events and other news that may interest you.

Students can also redirect their abo.fi emails to another email address in SelfService, at <https://selfservice.abo.fi/auth/login>

Computer labs

The university has computer labs aimed at the university's own students and staff to use for working and studying. You should not disturb other people working in the computer classroom. For example, talking with your friends and on your mobile phone, as well as playing computer games are not suitable behavior in the computer rooms. For more details on where the student computers are situated, contact your department.

Wireless Networks

Eduroam is available to students in both Åbo and Vasa who have acquired a user account and password from the ICT facilities. Eduroam is a worldwide roaming access service developed for the international research and education community.

ÅAU is a member of Eduroam. Eduroam offers a safe and easy wireless connection to the Internet free of charge. University members can see the Eduroam network in other Eduroam organizations around the world. Åbo Akademi Guest wireless network is available for guests. Åbo Akademi Staff network is meant for staff at the university.

Photocopying, Scanning & Printing

At ÅAU, printing and copying is subject to charge. The value system used is Krediter. The price for 1 black-and-white A4 page is 1 Krediter, 1 color page 8 Krediter. However, students have a **quota** of 400 Krediter, which is reset per six months. After this, students are charged per page. Students who have exceeded their quota can buy a digital top-up card for more quota via the ÅAU webshop at <https://webshop.abo.fi/en/>. Staff at the university is not charged for printing and copying.

At the Åbo campus, copying machines for students are available in the libraries and several other places. At the Vasa campus, a copying machine for students can be found in Academill, G-house, 4th floor (outside the computer rooms).

You must register a key to use the copier. Every copier equipped with a key reader should have instructions posted how to do this. Almost any contactless smart card will work as a copy key, e.g. the HID key to the buildings will work fine. For a list of copying machines equipped with key readers, see <https://abofi.sharepoint.com/sites/intra-en-ict/SitePages/Copying.aspx> (the link requires ÅA login).

It is also possible to use Web Print for printing from your own device if you know the name of the printer. For more information, see <https://print.abo.fi/>.

You can also check your printing and copying info (e.g. used quota) here, <https://print.abo.fi/user> (the information is accessible to all users). The copiers also work as scanners (via email). This is also described in the instructions posted at the copier.

Language Studies

The Language Centre at Åbo Akademi University offers courses in the national languages, foreign languages and academic writing skills. Our aim is to provide all students with the multilingual skills needed in their studies and in their personal and professional life.

Annually, approximately 4,000 national and international students and staff attend our courses in Swedish, Finnish, English, French, German, Russian, Spanish, Italian and Latin. We also offer courses in Finland-Swedish sign

language.

Grants and Scholarships

Scholarships for master students

Tuition fee-paying (non-EU/EEA) applicants can during the application for admission also apply for a scholarship to cover a part or the whole tuition fee.

During the academic year 2025-2026 two scholarship categories are offered:

1. Finland Scholarship/Tuition Fee Scholarship, covering 100 % of the tuition fee, awarded for 2 years (second year conditional)
2. Tuition Fee Scholarship, covering 80 % of the tuition fee, awarded for the duration of the studies

For more information, see www.abo.fi/en/study/apply/international-master-programmes/%20scholarship-programme-for-master-students/.

Other scholarships

The Finnish National Agency for Education has several scholarship programs for doctoral level studies and research at Finnish universities. For more information, see www.oph.fi/en. The Finnish Cultural Foundation (*Suomen Kulttuurirahasto/Finlands kulturfond*) awards grants to individuals, working groups and organizations in the arts, science, and various fields of cultural life through its Central Fund and 17 regional funds. For further information, see www.skr.fi/en.

The National Union of Finnish Students (*SYL*) website includes a database of grants available for students: <https://syl.fi/en/grants/>. Luckan is a search engine in Swedish for grants available in Finland. To get an idea on what grants are available and for various links concerning different grants and scholarships, visit www.fyrk.fi for more information.

Some private foundations and institutions offer grants for students pursuing a university degree. Furthermore, universities might participate in externally funded projects offering scholarships for degree studies. Information on this type of funding is usually available from the university's web pages.

The Research database enables you to browse different opportunities for funding in the fields of science, art, and culture. The database holds information about sponsors situated both in Finland and abroad. Applying for a grant is possible for native Finns and people residing in Finland. There are around 800 different sponsors stated in Research and the database is updated frequently

when new funding opportunities arise. For more information, see <https://research.fi/en/>.

For information on research grants and scholarships at ÅAU, see www.abo.fi/en/research-at-aau/research-grants/ and www.abo.fi/en/study/already-in/plan-your-studies/fund-your-studies/.

Equality, equal treatment and harassment

ÅAU works for the well-being and equality of its students. The aim of the university is to provide a non-discriminatory, equal, anti-racist and accessible work environment where both students and employees from different backgrounds are treated fairly and feel that they can safely participate in all activities.

Harassment can be defined as unwelcome, unwanted, and one-sided physical or verbal behavior towards someone for whom the impact always is negative. ÅAU does not accept any kind of discrimination or harassment within the university. If you face any kind of discrimination or harassment, you can contact the contact persons of the university or the Student Union. ÅAU has internal processes for reporting discrimination or harassment and protects those who report it.

You can find more information here <https://abofi.sharepoint.com/sites/intra-en-study/SitePages/Support-in-cases-of-harassment.aspx>. You can also find other types of whistleblowing channels at the university's intranet.

Student Union at Novia UAS (Novium)

The Student Union at Novia University of Applied Sciences - Novium (Novium for short) is the Student Union for all students at Novia. **Novium guards the students' rights and works towards fair treatment of all students.**

Novium takes care of that all new degree students at Bachelor level have peer

tutors their first year of studies and that all students that become members of the student union get a student card and therefore get access to considerable student benefits.

For more information about membership, student card and the benefits, go to www.novium.fi to read more.

If you ever feel that you are treated unfairly, harassed, discriminated, or unsuitably criticized, the Student Union can offer you help. Novium has a harassment agent who you can reach by sending an email with your concerns to [hej\(a\)novia.fi](mailto:hej(a)novia.fi). It is the student affairs secretary who handles this, and this person is an expert and is sworn to secrecy.

Student Union Membership

The membership fee of the Student Union Novium is €13 for the whole academic year and €10 for one semester.

As a member of Novium you can (among other things)

- Become a tutor
- Become a student representative
- Run and vote in Council Elections
- Get cheaper sport activities (see chapter 11.2)
- Get student prices on lunches
- Get cheaper train- and bus tickets

Finnish Student Card

The Finnish student card is called *studiekort* in Swedish and *opiskelijakortti* in Finnish. There are different student cards in Finland and the one that members of Novium have is called “AMK-kortti”.

For more information about the order of the student card and all the benefits, go to Novium’s webpage: www.novium.fi . **The student card proves your Student Union membership and entitles you to all their benefits.** Every autumn **your student card is validated with a new sticker** after you have paid the membership fee. Note that the card is not valid without the annual sticker. If there are any concerns about the student card, please contact the information secretary.

In addition to the physical student card, members of Novium also have access to a digital student card offered by Slice.

Friendship Programme (only in Åbo)

During the autumn/spring, it is possible to participate in a voluntary-based Friendship Programme. The programme aims at offering international visitors and local families a chance for mutual cultural exchange. With a friend from the local community, it is possible to learn about Finnish culture and everyday life. All activities within the Friendship Programme are voluntary, which means that the international visitor and his/her Friend decide on their own how much and in what way they want to spend time together. The participants of the programme are ordinary Finnish families and people of different ages living in Åbo or the neighbouring area. You will get information about the application for participation in the Friendship programme from the International Coordinator.

The application form and more information can be found at <https://www.opiskelijakaupunkiturku.fi/en/study-turku/events/friendship-programme>

Exchange Students

UAS Registration

When an international student has been admitted for an exchange and has accepted the study place, he or she is automatically registered in the **student register Peppi** and is entitled to the same student service as Novia students. Being registered also means that the exchange students are covered by the same accident and liability insurance during studies/practical placements and on their way to and from the university or the workplace as Novia students.

Exchange students sign up for courses in Peppi. The sign up for the fall term is open until one day before the course begins.

Study Counselling

There are student counsellors at each campus that you can turn to if you need help or guidance in study related matters. Novia works for accessible studies for all students. Accessibility concerns premises, libraries, teaching materials and special aids. Students with special needs should have the same opportunities to participate in all different activities. If you have questions concerning your studies, please contact your student counsellor or send an e-mail to studentcounselling@novia.fi.

Degree Students

UAS Registration

When an international student has been admitted for degree studies and has accepted the study place, he or she is automatically registered in the **student register Peppi** and is entitled to the same student service as Novia students. Being registered also means that the student is covered by the same accident and liability insurance during studies/ practical placements and on the way to and from the university or the workplace as Novia students.

The second year the student must register his/her attendance him/herself. Registration for attendance or non-attendance is done using Peppi. If you are uncertain how to register for attendance, please contact Student Services at studentservices@novia.fi. **A student must register attendance (presence) or non-attendance (absence) for every academic year /every term. The registration must be done either for the full academic year or only for the autumn term during the time 1 May - 10 September.** Regarding the spring term, the student has the right to change his/her attendance / non-attendance registration during the time 1 December - 10 January. Attendance registration guarantees the

student's enrolment and right to attend courses.

Degree students sign up for courses in Peppi. The sign up for the fall term is open until one day before the course begins.

Study Counselling

There are student counsellors at each campus that you can turn to if you need help or guidance in study related matters (see chapter 3.4).

International Trainees and Visiting / Free Mover Students

Students who arrive to Finland for an internship/Erasmus placement period and visiting students are registered in the **student register Peppi**. They are covered by the same accident and liability insurance during studies/practical placements and on their way to and from the university or the workplace as Novia students.

Students sign up for courses in Peppi. The sign up for the fall term is open until one day before the course begin. Trainees will have a supervisor who is counselling and guiding the trainee throughout the internship.

Tuition fees for non-EU/EEA students at Novia UAS

Tuition fees 2026-2027 for non-EU/EEA students at Novia UAS are €10,000 for bachelor's degrees and €12,000 for master's degrees per academic year. More information about tuition fees can be found at <https://www.novia.fi/en/study/admission/tuition-fees>

The tuition fees do not concern those who have:

- Passport or identity card that indicate the citizenship of EU/EEA/Switzerland
- Continuous residence permit card in Finland (type A) permit issued for purposes other than studies:
 - Note! If you have been granted a continuous residence permit, type A issued for other purposes than studies, you might be still required to pay tuition fees in the following cases:
 - If your first residence permit in Finland was granted for the purpose of studying, you are required to pay tuition fees, even if you later obtain a continuous residence permit (type A) on other grounds than studying.
 - If you have, or you have had, a continuous residence permit (type A) based on family ties, and your family member originally came to Finland on a residence permit granted for studying, you are required to pay tuition fees.
 - If your continuous residence permit (type A) is based on

family ties in Finland, and your family member is a Finnish citizen or is staying in Finland with a permanent residence permit, you will be exempted from tuition fees.

- If you have a continuous residence permit (type A), we will always check your residence permit background with the Immigration Service. The decision about your liability to pay tuition fees will be made based on the inquiry to the Immigration Service.
- Permanent residence permit card in Finland (type P)
- EU residence permit for third country citizens with long-term residence permit card in Finland (type P-EU)
- EU Blue Card in Finland
- EU Family Member's Residence Card in Finland
- Brexit residence permit, Type SEU = Right of residence under the withdrawal agreement, or type P SEU = Right of residence under the withdrawal agreement
- Residence permit card on the basis of temporary protection

The document/residence permit exempting from tuition fees must be valid through 1 August for the autumn term and through 1 January for the spring term.

Note! A continuous residence permit (type A permit) issued for studies does not exempt from tuition fees.

More information can be found on our web site on www.novia.fi/en/study/admission/tuition-fees.

Scholarships for fee-paying students

There is also a scholarship system in place for students required to pay the tuition fee at Novia UAS. Students can apply for the scholarship before the beginning of their second year of studies (as fee-paying students). Tuition fee-paying students can apply for a scholarship based on a certificate proving language proficiency in Swedish and/or Finnish as well as the number of credit points registered in the study register.

The application period for scholarships for students admitted in 2023 or earlier is arranged annually 1–15 May. The scholarship application for students admitted in 2024 or later is open four times a year. Read more about the scholarship processes and their criteria here: www.novia.fi/en/study/admission/tuition-fees/scholarships.

General Information Concerning Studies

The degree structure and the competencies (learning outcomes) as well as the objectives of the modules and courses are described in the curriculum. Each study module and course is given a code, a name and the extent of studies in number of credits (cr). As a rule, a course comprises at least three (3) credits. A realization plan is attached to the course and study module plans. The curriculum of each degree program is found at <https://studieguide.novia.fi/?lang=en>

The curriculum of the degree program provides the basis for a student's individual study plan. The aim of the plan is to make individual solutions possible. The individual study plan is discussed and revised annually and authorized by the Head of the Degree Program.

Students usually have to register for courses before attending them. This is done through the study tool, **Peppi**. By logging in to Peppi with your Novia username and password, you will be able to sign up for courses and see your study achievements.

Tuudo is a mobile app, made for you, to make your student life simpler. With **Tuudo**, you manage your studies and ease your daily life, both on and off campus. Enjoy Novia's most important services and your study information on your mobile device - safely, simply, and surely up to date. Free from your app store.

From Tuudo you can find:

- Campus map
- Schedule
- Enrolment to courses
- Course info and grades
- Novia news
- The student union Novium's info
- Student card (Please note that this is only for VR, Matkahuolto and a meal subsidy card issued by Kela)
- Lunch restaurants and menus
- Public transportation

Contact person in Novia: Student Councillor Tina Back, phone +358 50 471 4450, email: tina.back@novia.fi

Schedule

Students can view the teaching schedule by logging into Peppi and clicking on the Calendar. Enter the group code into the Groups field on the far right in order to see the group schedule that you are interested in. You can also look up schedules for specific rooms and teachers by filling in the appropriate search

fields. It is also possible to look up individual course realization schedules. Students can also see their schedule in the Tuudo app. The schedule in Tuudo is based on the students' arrival group (*ankomstgrupp/saapumisryhmä*) in Peppi and the course realizations for which the student has enrolled. Once a student has enrolled on a course and the teacher has approved the enrolment, the student will also be able to see the schedule for that course in Novia Outlook calendar.

Course Assessment and Examinations

The assessment of completed courses is based on the study module or course descriptions and the realization plan. The student demonstrates achievement of the competences or learning outcomes by completing the assignments, examinations or other requirements or combinations of these as stated in the realization plan.

Grades

For assessment the grading scale 1 – 5 is used according to the following distribution: 1 (satisfactory), 2 (most satisfactory), 3 (good), 4 (very good) and 5 (excellent). A performance, which cannot be approved, is failed (0).

As the courses vary in length there are exams throughout the term. At Novia UAS cheating in an exam and plagiarizing in an exam, or an essay are strictly forbidden.

Academic freedom and academic responsibility

Novia UAS has rules that must be followed. Every student has the freedom to learn and communicate ideas or facts. Students are responsible for their own study achievements. It is against the UAS regulations to cheat or to plagiarize in an examination or an essay. Plagiarism means that the work of someone else is presented as one's own. This includes copying from books, from the Internet as well as from other written or spoken mediums without reference to the original source. In the document, *writing instructions for thesis* on intranet there are rules for the use of different kinds of sources. <https://intra.novia.fi/studies/bachelor-degree-students/aiguideforstudents/> (login required)

Cheating means that you break one of the rules set for examinations. This includes completing an assignment for another person, copying other students' answers during the examination and/or bringing any books, papers, or other reading material to the examination unless the teacher has given specific permission beforehand.

In case of suspected misconduct, the case will always be investigated, and the student will be heard. If the student has been found cheating in an examination or having plagiarized, he or she can be given a written warning by the President and will fail the course.

Transcript of Records

The credits are entered by the teacher or the Student Services into the student register Peppi within three weeks after the end of the course or study module. While enrolled at the UAS a student can download an electronically signed Transcript of Records from Peppi. Students can also check their progress in Peppi. After the exchange, a Transcript of Records is sent to the exchange/visiting student or trainee and/or to his/her home institution.

Credits

All coursework is measured in **credits (studiepoäng)**. **The recommended number of credits for one academic year is 60.** The extent of a bachelor's degree vary from 210 (3.5 years of study) to 270 (4.5 years of study) credits. The credit system is compatible with the European Credit Transfer System (ECTS) where a year of full-time studies corresponds to 60 ECTS.

On special grounds stated in the realization plan, certain modules and courses can be assessed on a pass/fail scale.

Keys

Abo

At Aboa Mare students can collect a keycard from the janitor's office.

There is a €30 deposit that can be paid in cash to the janitor. When returning the key, a refund of €20 is paid.

With the keycard you can access Aboa Mare when the doors of the Auriga building are closed. The doors are open Monday to Friday between 08:00 and 16:00. After 21:00, the building must be empty. Please inform the Student Services office if your key doesn't work, is broken or has gone lost.

Ask your tutors about the system on Biskopsgatan 8 (property Axelia).

Please note that the key is personal, and you should immediately let the Student Services know if it is lost or stolen.

Vasa

Students do not need a key to enter the building on Wolffskavägen 33. The front door to the main building is open 7:30–17:00 (exceptions occur during holidays and weekends).

At the building Alere, Wolffskavägen 31, the doors are open Monday-Friday 7:30–16 (except on public holidays, when the doors are closed).

For more information about the key and opening hours, go to the Student

Services office on the first floor at the building W33 at Wolffskavägen 33.

Libraries

The library at Campus Åbo/Biskopsgatan is situated on the first floor in the ASA building at Fänriksgatan 3 B. The opening hours are Monday-Thursday 12:00–18:00 and Friday 12–16. On weekdays 6–24 and on weekends 10–18 you can access the library with your HID key. Library services have moved to Arken library, Fabriksgatan 2.

At Campus Åbo/Hertig Johans parkgata there is **a reference library with a librarian available from 12:00–14:00 on Wednesdays**. The Archive Collections will temporarily move out of the Book Tower and will be closed 1 March–30 September 2025. The service will reopen at a temporary address in October 2025.

In Vasa, the Novia library is a part of Tritonia, which is a joint library and learning centre for Novia University of Applied Sciences in Vaasa, ÅAU in Vaasa, University of Vaasa, Vamk UAS, and Hanken School of Economics in Vaasa.

For more information about library catalogue search and electronic information resources, please visit

<https://www.novia.fi/en/contact-us/library/>. In connection to the libraries there are computers, photocopiers, reading rooms, desks, and smaller rooms for groups. You can also read newspapers at the library.

IT Facilities

Novia uses a helpdesk system. **If you are experiencing problems related to Novia computers or printers, servers, network or firewalls, an email can be sent to helpdesk@novia.fi.** The email has to contain at least: your name, your username **but never your password**, the building and campus where the problem is occurring and a detailed explanation of the problem. **There are IT-planners at every campus that you can turn to if you have acute IT problems. You can find their contact details on intranet:** <https://intra.novia.fi/services/it-en/helpdesk/>

Username and Password

When an exchange/degree/visiting/Free Mover student or trainee has been registered in the student registry the ICT services will create a **user account** for the student.

To start using your user account you must go to the Novia Self Service Portal: <https://ssp.novia.fi> and follow the instructions. Note! If you are unable to identify

yourself online using Finnish bank codes or a mobile certificate, you must visit the Student Services office and show your ID. You will then get a provisional password by email to use in the Self-Service Portal.

Once the password has been changed it can be used to access the following resources: computers at Novia, the intranet*, O365.fi, Moodle, Peppi, wireless network (eduroam and O365 login requires that you add @edu.novia.fi at the end of your username) and HAKA-services.**

The password must be changed within 250 days since the last change, either on Novia's computers by using CTRL+ALT+DEL and choosing "Change a password..." or at <https://ssp.novia.fi/changepassword>. After 250 days you will have to contact ICT services.

*) Intranet contains detailed information for enrolled students and services such as the e-library.

***) Novia uses Moodle (moodlecourses.novia.fi) as the virtual learning platform. Most teachers use Moodle and email to communicate with students outside class. Some courses require, in addition to username and password, a key that you will get from the teacher.

Forgotten passwords may be reset by sending an email to helpdesk@novia.fi.

The new password is sent by SMS if a Finnish mobile number is registered in Peppi. Otherwise, you may visit your local Student Services or ICT services to get a new password, but remember to bring identification.

Microsoft Office 365

Microsoft's Office 365 cloud service has been enabled for Novia UAS students and staff. Office 365 ProPlus service gives students and staff the opportunity to download the Office suite for free and install it on their own private computer at home. Login through portal: <http://o365.novia.fi>. Username when logging in: username@edu.novia.fi (for students), username@novia.fi (for staff).

The following programs are included in the Microsoft Office package: Word, Excel, PowerPoint, OneNote, Access, Publisher, Outlook, Microsoft Teams, InfoPath, and OneDrive for business.

Computer labs

You find information about all computer labs at Novia UAS at intranet:

<https://intra.novia.fi/services/it-en/utrustning-och-program-en-us>. The computers in the computer classes can be used when there is no teaching.

Wireless Networks

There is a wireless network available at Novia; “eduroam”. Eduroam (Education roaming) is the secure, worldwide roaming access service developed for the international research and education community (www.eduroam.org). **You are encouraged to always use eduroam when possible.** Once connected to eduroam you will not need to re-enter your credentials and it works at multiple universities.

*When logging in to eduroam be sure to use:
“username”@edu.novia.fi, not the email. No other login name will
work*

We recommend you use the automated installers at <https://cat.eduroam.org> to set up the connection. If you for some reason are unable to connect to eduroam please send a detailed explanation to helpdesk@novia.fi or visit your local IT planner.

Scanning & Printing

Printing will start working one day after the first successful login. All printouts will automatically be grayscale and double-sided.

	Grayscale	Colour
A4	€0.7/side	€0.15/side
A3	€0.14/side	€0.30/side

The print management software used at Novia is called **PaperCut**. **Students are automatically given €2.5 per month (35 single page grayscale printouts) plus €5 when beginning their studies.** More credit can be bought at the Student Services office.

Printers are found at:

- Campus Åbo/Biskopsgatan 2nd and 3rd floor
- Campus Åbo/Aboa Mare 2nd floor, opposite the notice board
- Campus Vasa/Wolffskavägen 33 2nd floor, Aula and Teachers Hall
- Campus Vasa/Technobothnia 2nd floor Aula, 3rd floor Aula
- Campus Vasa/Alere 1st floor, room B120 at the main entrance

The printers also work as scanners (via email). Photocopying is only possible from an USB stick.

Language Studies

Studying Finnish and Swedish is important for all degree students at Novia UAS. Your possibilities to do practice placements at Finnish companies are improved if you have knowledge of Finnish/Swedish. Basic language courses are included in the curricula for English-taught Degree Programmes. If Finnish and/or Swedish are foreign languages to you, then it is a good idea to study them outside of your ordinary studies in order to improve your skills. For more information, please visit Novia UAS's website.

<https://www.novia.fi/en/study/living-in-finland/learning-swedish-and-finnish>

4. State Regulations and Insurances

Here is a quick guide to the bureaucratic procedures you need to know depending on the duration of your stay in Finland. Remember that these are guidelines, if you feel unsure or need more information about the different procedures, please contact the authorities in question, which are mentioned in the chapters. Also, check the website of the Finnish Ministry of Foreign Affairs, <https://um.fi/frontpage>.

International students studying in Finland need a Personal Identity Number. The number is to be reported to the University as soon as possible.

All international employees at ÅAU are encouraged to be in contact with Personnel Services, at HR@abo.fi to clarify which documents and registrations are needed while working in Finland. International employees at Novia UAS should contact ann.stolpe@novia.fi.

Residence Permits

Citizens of Nordic Countries

Citizens of Nordic countries do not need to register their right to reside in Finland due to inter-Nordic agreements, nor do they need to provide proof of funding for their stay in Finland. However, Nordic citizens studying in Finland for three months or more should notify the **Digital and Population Data Services Agency (DVV)** (*myndigheten för digitalisering och befolkningsdata/ digi- ja väestövirasto*) as soon as possible after arrival in order to obtain a Personal Identity Code in Finland. **If a Nordic citizen moves to Finland for more than six months, he or she is required to notify the authorities about the migration within one month from the date of the move.** For more information, see <https://dvv.fi/en/digital-and-population-data-services-agency>.

For the registration, you will need a passport or other photo identification. More information about the civil registration process is found in chapter 4.2.

Citizens of EU/EEA-countries and Switzerland

Citizens of EU/EEA-countries and Switzerland must register their right to reside (*uppehållsrätt/oleskeluoikeus*) in Finland at the Finnish Service (Migri) if they intend to stay longer than 3 months, see <https://migri.fi/en/home>. You do not need to register your residence if you are staying in Finland for an uninterrupted period of less than three months. The calculation of the three-

month residence always restarts from the moment you return to Finland after travelling outside its borders.

International students studying for a degree or participating in an exchange program that exceeds three months also need to notify DVV to obtain a Personal Identity Code in Finland, see <https://dvv.fi/en/digital-and-population-data-services-agency>. For the registration at the Local Register Office, a passport or other photo identification is needed. More information about the civil registration process is found in chapter 4.2.

Citizens from non-EU/EEA-countries

If your stay in Finland lasts for more than three months, a residence permit must be obtained from the Finnish diplomatic mission in your home country before arriving to Finland.

Generally, the residence permit is valid for two years, unless you apply for it for a shorter period. However, the residence permit is only valid for the duration of your studies if your studies take less than two years, it can later be extended by Migri. An application for an extension of the residence permit should be made well before the current permit expires. It usually takes one to two months to process the first application; however, extensions of the residence permit may take longer.

Please note that you need to provide proof of funding and proof of a valid health insurance each time you apply for a residence permit. See below for further details on how to apply for a residence permit. Please see chapter 4.3 for information on insurance.

You can additionally apply for a D visa, which offers you the possibility to enter Finland immediately after you have been issued with a residence permit. If you apply for a D visa, you can travel to Finland immediately after the following conditions are met:

- you have received a positive decision on your residence permit application; and
- the D visa sticker has been attached to your passport

Your residence permit card will be delivered to you in Finland. You need to use a personal address in Finland; you are **not** permitted to have your D-visa sent directly to the university. On average, the D visa allows you to travel to Finland for 1–2 weeks earlier than usual. For further information, please see <https://migri.fi/en/d-visa>.

How to Apply for a Residence Permit

The first application for a residence permit must be made to the diplomatic mission representing Finland in your home country. The application for a

Finnish Personal Identity Number can and should be filed together with the application for a residence permit. Along with the completed application/registration form, the following enclosures are needed:

- A valid passport (or other officially accepted travel document)
- Certificate of registration with the Finnish university/acceptance letter (visiting scholars: other relevant proof showing the reason for your stay) or employment contract/certificate of employment/hosting agreement if employed
- Proof of funds or scholarship to cover the expenses in Finland
- A valid health insurance for the entire study period (only needed for students from non-EU/EEA countries).

Residence permit applications can be submitted electronically. Information on residence permits for certain type of work (researcher/traineeship/visiting teachers) can be found at <https://migri.fi/en/working-in-finland>.

If you are financing your studies or research yourself, you should have €9,600 deposit on your bank account to cover yearly expenses, that is, €800/ month of stay in Finland. This means that for a two-year stay, you must have a minimum of €19,200 at your disposal. The bank account does not have to be Finnish. However, there should not be any conditions attached to this account. In other words, you should be able to use this money and transfer it to Finland at any time. A new proof of funding is required at the beginning of each academic year.

A student who has been granted a scholarship or who is taking part in an exchange program must show proof of acceptance to this program from the sponsor. More information on the residence permits is available at the Finnish mission in your country and on the website of Migri, see <https://migri.fi/en/home>. Please check travel documents accepted by Finland at <https://um.fi/frontpage>.

How to Submit Your Application to Migri

The e-service “Enter Finland” is the easiest way to fill in your application and take care of your application matters, see <https://enterfinland.fi/eServices>. You will then have three months to prove your identity. If you are applying with a paper form, you can find the forms at <https://migri.fi/en/applications>.

When you have completed your application, please book an appointment at one of Migri’s service points. If you apply abroad, you need to visit a Finnish mission, an embassy or a consulate, to prove your identity. You cannot book an appointment at a mission through Migri’s appointment system. Please observe the following steps on how to submit an application to Migri:

- Visit the online appointment system at

<https://migri.vihta.com/public/migri/#/home>.

- After completing the application in Enter Finland, you will see a link, which will take you directly to book an appointment for proving your identity.
- Choose the appointment based on what it is you are applying for.
- Choose the service point you want to visit at <https://migri.fi/en/service-points>.
- To book an appointment, you need your personal details as well as your email address or your phone number.
- You will receive a confirmation of your appointment by email or text message.

Extension to a Residence Permit

When applying for an **extension of the residence permit**, all the enclosures that were submitted along the first application for residence permit must be submitted again. Additionally, students need to enclose a Transcript of Records to show that your studies have progressed as planned. If the studies have not proceeded as planned, you may also be asked to submit a study plan showing that you intend to finish your studies.

N.B. When you apply for an extension of a residence permit, make sure that you get a certificate that states that you have applied and that your application is now being processed. This certificate will work as a proof that you are legally in Finland if your original residence permit ends before your extension has been decided.

After completed Degree in Finland

If you have studied and completed a degree in Finland, you may apply for a new residence permit on the basis of work immediately after you have found a job; or apply for a residence permit for seeking work if you are not yet employed. If

your residence permit for studies is still valid and you have found a job, you may apply for an extended permit on the basis of work. If you have completed a degree in Finland several years ago and have left Finland since then, you may still apply for a residence permit based on work as a person who has completed a degree in Finland. There are no time limits for submitting a residence permit application on the basis of work after receiving a degree.

Civil Registration

The Population Information System is maintained by the Digital and Population Data Services Agency and it keeps record of the Finnish population data. **Everyone residing in Finland for periods exceeding three months is registered within this system.** The information collected by the Population Information System is used for purposes like organization of elections, employment and taxation, health care, statistical purposes, and in judicial administration. All information is treated confidentially.

International students studying need a Finnish Personal Identity Code (*personnummer/henkilötunnus*). The personal identity code is issued by the Digital and Population Data Services Agency (DVV) and requires registration at this office. **The registration must be done personally. Please visit the DVV for registration at the appointments booked.** Times booked for visiting the DVV for incoming exchange students in 2026 can be found in the orientation programme.

All students staying 3 months or more in Finland are due to register. Service locations serve customers by appointment only. It is important that you register during the booked appointments, but if you are unable to do so, please see <https://dvv.fi/en/service-locations> to make an appointment.

When registering at the service location your information, including name, date of birth, nationality, family relationships and address, will be entered into the Finnish Population Information System. The personal identity code is a means of identification, which is more specific than a name.

For the registration you will need a passport, a valid residence permit and, if applicable, a marriage certificate and birth certificates for the children. Please note that the documents must be legalized and translated. An official notification of move is needed whenever your address changes, including when your residence in Finland ends.

The personal identity code is needed in a variety of situations in the Finnish everyday life; for the payment of salaries, in bank transactions, for payments with debit or credit cards, for applying for certain benefits and also the universities for identification reasons.

Employees can get their Finnish personal ID at the tax office if they are going to work in Finland for a short period. The Finnish Tax Administration is entitled to enter information into the Population Register System and distribute identity codes jointly with the Digital and Population Data Services Agency if the matter concerns foreigners who arrive for temporary periods, i.e., less than one year, to work in Finland. You must get a personal identity code at a tax office on the condition that you need it for tax-related purposes. More information can be found on <https://www.vero.fi/en/individuals/>.

Change of Address Notification

A Change of Address Notification (*flyttanmälan/muuttoilmoitus*) must be made every time a person moves to, within or away from Finland. Notification forms are available at all post offices and at all the Digital and Population Services Agency service points. Notification forms are also printable from the Internet. The easiest and fastest way is to fill in the notification online, at

www.posti.fi/en/private/change-address. Any moving related inquiries to the Digital and Population Services Agency can be made by phone: +358 295 539 225 (Mon-Fri, 9:00-15:00) or you can also send secure email through <https://turvaviestidvv.fi/> and choose "Muuttoneuvonta" as recipient. For further information, please visit <https://dvv.fi/en/moving>.

Social, Medical, and Private Insurances

Social Insurance

Kela is responsible for providing the majority of the Finnish social security benefits. The objective of the Finnish Social Security is to guarantee an adequate basic income in all life situations. Eligibility for Finnish social security benefits are based on permanent residence in Finland or on employment in Finland. Most social security benefits can be claimed only by those who live permanently, for a minimum of two years, in Finland.

If you move to Finland from an EU or EEA country or Switzerland, you will be entitled to basic health care with a European Health Insurance Card granted in the country of origin. Some countries have signed a Social Security Agreement with Finland, which affects the benefits to which their citizens are entitled to. These agreements mostly concern employees, their family members, and pensioners.

Students

Students moving to Finland simply to study are not generally entitled to Finnish social security. If you move to Finland temporarily from an EU/EEA country or Switzerland, you will be entitled to basic health care with a European Health Insurance Card granted in the country of origin.

You may, however, become entitled to Finnish social security if you stay in Finland for reasons other than your studies, or if your circumstances change during the time that you are here so that the conditions of permanent residence are fulfilled, e.g., through marriage to someone living permanently in Finland.

If you work while studying in Finland and your employment meets the requirements for social security coverage, you will qualify for coverage under the Finnish social security system for the duration of your employment.

Students moving to Finland from another Nordic country gain social security coverage in Finland if they are residents in Finland according to the population register.

Apply for the registration of your right of residence if you intend to study in Finland for longer than 90 days.

Read more about how to register your right of residence (migri.fi).

If you are a Nordic citizen and you intend to live in Finland for longer than six months, register with the Digital and Population Data Services Agency within one week from moving to Finland.

Register with the Digital and Population Data Services Agency (dvv.fi) Following registration, you are covered by the Finnish social security system. Financial aid benefits from Finland are, however, only available to students who live permanently in Finland for some other reason than attending a school. The benefits can be received by those living permanently in Finland and who meet the criteria.

Researchers and PhD Students

Researchers who receive a Finnish grant and have the Mela insurance (**see Mela Insurance: [statutory pension and occupational accident insurance](#)**) may be entitled to Finnish social security benefits. Researchers receiving a foreign grant or other income may also become entitled to Finnish social security benefits if the income amounts to at least €800.02 per month (2025). If the income level does not reach this minimum level, the entitlement to benefits is determined on the basis of whether your residence in Finland is considered permanent.

If you will be working in Finland for at least 2 years, you will normally be covered by the Finnish social security system as soon as you move to Finland.

Employed Persons

You may be covered by Finnish social security either fully or partially if you are employed in Finland. As an employee, you will qualify for Kela benefits from the first day of your employment if you earn at least €800.02 per month (as of 2026). Kela consults the national incomes register for salary information.

You may also have a right to social security on the basis of a social security agreement. Finland has Social Security Agreements with the other **Nordic countries, the United States, Canada, Australia, Chile, Israel, China, Japan, South Korea and India**. Further, Finland has made a separate arrangement concerning social security with the **Province of Quebec**. With Australia, Finland has an agreement covering medical treatment during a temporary stay in the other signatory country.

For more information, please check <https://www.kela.fi/international-legislation>

How to Claim

Kela does not issue separate decisions on social security coverage in Finland for persons moving to Finland. Instead, Kela will check the eligibility to

benefits in connection to your first claim for Kela benefits, including the application for your personal social insurance card, the Kela card. Your Kela card is the proof of your social security coverage in Finland. Apply for the Kela card using the form SV157 and also enclose the form Y 77 “Moving to Finland”. If granted, you will receive your Kela card in the mail.

For more information about the social security provided by Kela, go to <https://www.kela.fi/>.

Health Insurance

Students (and in some cases unpaid trainees) who intend to stay in Finland for more than three months need a **private health insurance** prior to applying for a residence permit. **Please note that this does not apply to EU-citizens, or citizens from Norway, Iceland, Switzerland, and Liechtenstein. Students from Quebec, Canada, are also exempted from the health insurance requirement.**

The Health Insurance must meet following criteria:

- The insurance deductible must not exceed 300 euros.
- Your insurance must cover medical expenses in the amount of 120,000 euros if your studies in Finland last less than two years.
- Your insurance must cover medical expenses in the amount of 40,000 euros if your studies in Finland last two years or longer.
- Do not take a regular travel insurance. They are intended for holiday trips lasting less than three months.
- You must have an insurance for your entire stay in Finland. Your insurance must be valid at the time of your arrival in Finland. Take out a one-year insurance policy if you intend to study in Finland for one year

- or longer. Be sure to renew your insurance prior to expiry.
- Do not terminate your insurance policy, or you will have to cover medical and hospital expenses yourself if you become ill.
- The insurance must be issued by a trustworthy and financially sound company.

Note that a **valid insurance is a prerequisite for a residence permit**. If your stay is at least two years, it is sufficient that the insurance policy covers pharmaceutical costs (up to €40,000). The above-mentioned health insurance is not necessarily available in all countries. In that case, an international insurance company should be consulted. See more at <https://migri.fi/en/insurance>.

Recommended insurance companies

You can also look into insurance providers that offer international health insurance for students. For instance the following insurance companies offer students insurance contracts that meet the requirements for granting a residence permit for studies:

The French company Assurances Courtages et Services (ACS) www.acs-ami.com)

Aon Student Insurance, whose parent company is the British-American company Aon Corporation <https://www.aonstudentinsurance.com>

The US company International Student Insurance
(www.internationalstudentinsurance.com)

The Swiss insurance company Swisscare – ESI Finland plan
(<https://swisscare.com/>)

These are recommended by the Finnish Immigration Services, not by Novia UAS. For more information visit <https://migri.fi/en/insurance>

Finnish National Health Insurance

If you are covered by the Finnish social security system, you are entitled to Finnish National Health Insurance benefits. Some of the expenses covered are:

- A share of private doctors' fees
- A share of the costs for examinations and treatments prescribed by a private doctor
- A share of fees of private dentists and the costs of examinations prescribed by them
- A share of your medical costs
- A share of your illness-related transportation costs

To qualify for reimbursement, the treatment provided must be medically necessary due to illness, pregnancy, or childbirth. The National Health Insurance (NHI) scheme also provides Sickness Allowances (compensation for loss of income during incapacity for work) and Partial Sickness Allowances.

You must be covered under the NHI scheme in order to qualify for reimbursement of medical expenses. To prove your coverage and eligibility for reimbursements, present your personal *Kela card* at the pharmacy or medical clinic.

Insurances for employees at ÅAU

Accident Insurance

Compensation in the event of accidents at work and occupational diseases of employees are paid by the insurance company *If*.

Collective Life Insurance

Insurance information for grant or scholarship holders

Accident Insurance

ÅAU has an accident insurance for scholarship holders (researchers) who have a Contract Concerning Non- Employed Persons' Right to Use Rooms and Other Facilities at ÅAU.

It is a basic insurance cover, which is valid when performing non-remunerated work. Note that it does not replace the obligation of a scholarship holder to take out insurance with the Farmers' Social Insurance Institution (Mela, in Swedish LPA), in situations where this is required (see below).

Degree students studying for a bachelor's or a master's degree at ÅAU are insured in case of accidents in laboratory or field work or in other practical learning activity related to the degree pursued at ÅAU.

Mela Insurance: statutory pension and occupational accident insurance. If you pursue research work financed through a Finnish grant for at least four months, and the grant amounts to at least €4,605 on an annual level (as of 2025), you must subscribe to statutory earnings-related pension and occupational accident insurance with the Farmers' Social Insurance Institution Mela. Mela's insurance also includes group life insurance and short-term sickness security. It can be complemented with voluntary non-occupational or leisure-time accident insurance.

You can apply for the insurance when you have received information about having been awarded a grant and are about to begin the grant-funded work. The application must be submitted within three months after having started the work. You can apply for the full statutory insurance coverage with the same insurance application. After taking the Mela insurance, you can also be covered under the Finnish social security system. For more information, see www.mela.fi/en/grant-and-scholarship-recipients.

Legal Advice

If you are a victim of a legal offence, you should contact a person or an institution close to you, for example the Student's Lawyer, one of the offices mentioned

below, or the Police Station where you can find information about reporting a crime. **In acute situations, call the national emergency number 112.**

Students' Lawyer

Students can get legal advice free of charge from the student lawyer of the student unions in Åbo. You can turn to the legal counsellor in matters of inheritance, housing (e.g. tenancy agreements), taxation, employment etc. Please notice that writing or making contracts do not belong to the counsellor's work description, but they can give you useful legal advice. The lawyer is available during the academic year.

Visit or call for consultation during consultation hours only, every Tuesday between 18 and 19. Address: Student Union of the University of Turku (TYY), Yo-talo, Rektorsåkersgatan 4 A (first floor), phone: +358 (0) 45 843 3428. Students in Vasa can call the lawyer during consultation hours.

Stadga Student Legal Advising

Stadga is a student association run by law students at ÅAU. They offer legal advice the first Tuesday of the month, at *Luckan*, Auragatan 1, Åbo, from 16.00 to 18.00. Right of inheritance, work contracts and housing contracts are their main area of expertise, but potentially they can assist you with any matter related to the Finnish law. The service is free of charge for members of ÅAS, but subject to a fee for other people. You should make your appointment in advance by contacting abo@luckan.fi or by phone: +358 (02) 233 1986.

Justus Student Legal Advising

Justus is a student association run by law students at Helsinki University, Vaasa campus. Their Legal Aid Committee offers free legal aid to all Universities and Universities of Applied Sciences students in Vaasa. They advise students in Finnish or Swedish on all legal problems, except for tax issues. The Legal Aid Committee does not draw up documents or represent other persons, but they provide legal guidance on further action, advice on how to formulate documents and reviews completed documents. Please see <https://justuswasa.fi/sv/rattshjalp/>.

The Finnish Ministry of Justice

On the webpage of the Ministry of Justice, you can find general information about the legal system in Finland. Please see <https://oikeusministerio.fi/en/frontpage>.

State Legal Advice

You can get legal advice from any of the municipalities if you are of Finnish

nationality, you are residing in Finland, or the case is processed in Finland. In Åbo and Vasa this can be obtained from:

The Non-Discrimination Ombudsman

The Non-Discrimination Ombudsman (*Diskrimineringsombudsman/ Yhdenvertaisuusvaltuutettu*) is an authority with the basic task of advancing the status and legal protection of ethnic minorities and foreigners as well as equality, non-discrimination, and good ethnic relations in Finland.

In addition, the Non-Discrimination Ombudsman will, together with other officials, supervise that everyone is treated equally regardless of their ethnic background. In the Finnish legislation, discrimination based on ethnicity is explicitly prohibited in employment (including self-employment), education and in any form of public service, e.g., social services, public health care, social security benefits housing, and the right to buy or keep real estate property.

The Non-Discrimination Ombudsman, or his office, helps persons who have faced discrimination by giving recommendations, instructions, and advice. The office may also direct you to other authorities in order to ensure that the serious crime of discrimination will be dealt with accordingly. Contact information:

Embassies in Finland

If something happens during your stay in Finland, you might need the help of your country's embassy (*ambassad/suurlähetystö*). You can find embassies from 62 countries in Finland, and many more are situated in the Nordic region. A list of embassies in Finland and the surrounding countries is available at the website of the Ministry of Foreign Affairs of Finland www.embassy-worldwide.com/country/finland/.

Governmental Aid for Studies

There are two main criteria that need to be fulfilled in order to be eligible for Finnish governmental aid for studies:

- The residence in Finland needs to be permanent
- The reason for the residence in Finland needs to be some other than studies. Additional eligibility criteria depend on the applicant's nationality:

Citizens of a Nordic Country

The governmental study aid will be granted from the student's home country. In order to be eligible for Finnish governmental study aid, the Nordic citizen has to reside in Finland for some other reason than studying and the person's municipality of residence needs to be registered to Finland.

Citizens of the EU/EEA -countries

Generally, Finnish governmental study aid is not granted to citizens of the EU/EEA countries. However, if they originally have come to Finland to work, they may be entitled to governmental study aid under certain conditions. The same applies to their family members.

Citizens of Non-EU/EEA Countries

Finnish governmental study aid may be granted to citizens of non-EU/EEA countries if the person has a permanent residence permit (code P), a continuous (A) residence permit, or a P-EY permit (for non-EU/EEA citizens who have lived in Finland for a longer period). A person with a residence permit for students (B) is not eligible for Finnish governmental study aid.

When you apply for governmental study aid, remember to fill in and enclose the “Appendix for foreign residents” form with the application form. For more information on the Finnish governmental study aid and to get the application forms, please contact the local Kela office and visit the website www.kela.fi/main-page.

See also chapter 4.3 for more information about Kela.

Please note that if you are eligible for Finnish governmental study aid you should be aware of the different conditions concerning working alongside your studies and taxation of the grants received.

5. Employment Issues

Students, Researchers, and Staff

For information about working and taxation in Finland, please check:

www.vero.fi/en/individuals/tax-cards-and-tax-returns/arriving_in_finland/.

The webpage is a service point of the Tax Administration intended for foreign workers in Finland.

International Exchange or Degree Students

If you are a **Nordic or EU/EEA** national, you do not need any special permits for working in Finland during your studies. There are no restrictions as to how many hours per week you are allowed to work, but you should take care that work does not get in the way of your study progress.

Non-EU students can work within certain limits with a student residence permit <https://migri.fi/en/studying-in-finland> if the work is practical training included in the degree or if the amount of part-time work does not exceed 30 hours a week. The number of working hours is not restricted weekly, but the average working hours should not exceed 30 hours per week at the end of the year.

For more information on work regulations concerning international students, see the web service of Migri at <https://migri.fi/en/extended-permit-to-look-for-work>.

If the employment is part of the student's thesis or is a compulsory trainee period in the student's field of study, the person might be allowed work without limitations on the basis of the residence permit for students. Because the study-related work cases differ from each other greatly, each case will be handled by the local Employment Office in cooperation with the employer in question. For further information, contact the local Employment Office.

International PhD Students Conducting Research

International PhD students who are in the process of conducting research for their licentiate or doctoral thesis on behalf of, or in cooperation with, an institution or a company that pays the student for the work, should generally have a residence permit for scientific research. This grants unlimited working

rights. For further information on the researcher employment, check with both your university and your employer, as well as with the local employment office.

International Visiting Scholars and Teaching Staff

International visiting researchers and any teaching staff who have been invited to conduct research or do academic work in Finland will get a residence permit or will be registered on the basis of their right to reside for scientific research, which does not restrict right to work.

Short Time Visitors

A non-EU researcher (or lecturer) coming to Finland for research/teaching purposes based on an agreement or an invitation for a maximum of 3 months may conduct research during the period of validity of the visa or the visa free period. A residence permit is needed for a stay of more than 3 months.

Family Member's Right to Work

If you have been granted a residence permit on the basis of family ties, you will have an unlimited right to work in Finland. The right to work will also be entered on your residence permit card. For more information, please see <https://migri.fi/en/home>.

Getting a Job

People who do not speak Finnish or Swedish have a reduced competitive strength on the labour market due to the lack of Finnish or Swedish language skills. Knowledge of English is usually not sufficient. This applies to part-time jobs also.

ÅAU Career Services (Arbetsforum) helps students transition from student life to employment. They offer the following services for students at ÅAU:

- Information about available jobs, internships and summer jobs
- Career guidance
- Information on the job application customs in Finland
- Facilities for students to write their job applications, CVs etc.
- Information about the job market in Finland

Taxation

The category of tax liability in Finland depends on the duration of the work in Finland and whether the employer has a registered status in Finland. If you are paid for the work you do in Finland, you usually have to pay income tax in Finland. Your tax percentage depends on how long you stay – for six months or for longer. Besides tax, your employer will also withhold social security payments from your pay. These contributions are paid according to the legislation of the country where you are socially insured.

Tax Treaties

Finland has tax treaties with more than 70 countries. International tax treaties are made to avoid double taxation in situations where a person receives income from another country than his/her home country. In general, tax treaties usually provide that wages should be taxed in the country where the work is done.

Some of the tax treaties include special exemptions for students (and in some cases teachers). To qualify for a tax treaty exemption, it is additionally required that you (immediately before your arrival to Finland) lived in the country that has made the tax treaty with Finland. Information on these treaties is available at the tax office and the website of Finnish tax administration: www.vero.fi/en/individuals/.

Persons Staying in Finland for a Maximum of 6 Months

Finnish employers collect a final 35-percent tax at source on the pay of a foreign employee who only stays in the country for six months or less. The tax rate is the same for all levels of income, including small incomes. Because the 35-percent tax is a final tax, you are normally not expected to submit an income tax return in Finland.

The tax office will issue you a tax-at-source card (*källskattekort/lähdeverokortti*) (fill out the application form no. 5057e, Application for tax-at-source card). Give the tax-at-source card to your employer.

After you have finished your employment, your employer will issue you a certificate covering the full period of your employment during the relevant calendar year(s), showing your income and the tax withheld. We recommend that you keep the certificate. You may have to present it to the tax authorities of your country of residence.

If you are employed by a company from another country than Finland, and this employer pays your salary, you will not have to pay tax on your income to Finland. You will only have to submit an income tax return in your home country and pay the appropriate taxes in your home country.

Persons Staying in Finland Longer than 6 Months

If you stay in Finland for longer than six months, you will have to **pay tax in Finland on all your earned income**. It does not make a difference if your employer is Finnish or foreign or if you receive a part of your wages from a Finnish employer and another part from a foreign employer. There are exemptions to this rule when certain requirements are fulfilled. See www.vero.fi/en/individuals/ for more information. **The tax rate in Finland is progressive**. In case of progressive taxation, you will be expected to submit a Finnish income tax return.

During the first couple of days in Finland, please visit the local tax office. You need a Finnish personal identity code. Apply for a tax card (*skattekort/verokortti*) (fill out the application form no. 5042e, application for tax card for foreigners and persons who have been living abroad). Give the tax card to your employer. The employer will tax your income according to the card.

After every calendar year you have worked in Finland, you must **submit an income tax return** to the Tax Administration. You will receive a pre-completed tax return form to your home address. You do not have to declare income you received before moving to Finland nor income you receive after moving away from the country. Forms and instructions are available in English.

The tax office will assess your taxes and send you a statement showing the final amounts of taxes imposed. This statement will show if you will be receiving a refund or alternatively if you will have to pay more tax because of insufficient withholding. Instructions for appeal will also be included in the statement.

Grants

Grants paid at the universities normally count as taxable income for the grant recipient, provided that the total annual amount exceeds the annual amount of the (Finnish) State Grant for Artists (in 2025: €26,671.92). Please consult the tax administration concerning any tax consequences possibly arising from the payment of the grant.

Trade Unions

An important function of Finnish trade unions

(*fackföreningar/ammattiliitot*) is to run unemployment funds and to provide earnings-related unemployment benefits. These are typically much higher than the basic unemployment allowance provided by Kela. Most unions provide legal advice on employment issues for their members.

Finnish unions are occupation-based. There are three main levels: Local trade unions, national federations of local trade unions, and confederations. Collective agreements covering the whole workforce are concluded between the federations.

Labour market organizations have a great deal of influence. Negotiations on salaries, wages and labour legislation are conducted between the government and the representatives of employees' and employers' organizations, which is referred to as the tripartite system.

At least the following unions are represented or have local unions in ÅAU:

The Association of Finnish University and Research Establishment Staff

6. Health Care and Insurance

General information about health care in Finland for those covered by health insurance in another EU or EEA country: www.eu-healthcare.fi/healthcare-in-finland/

Health care for Exchange students

Non-urgent health care

If you are an EU or UK Citizen and you get sick on your exchange and need to visit a public health care professional, you will need to book an appointment for this. You will need to show your **European Health Insurance Card** when visiting the health care professionals in Finland, so please make sure you bring the card with you on your exchange and that it is in date.

The European Health Insurance card entitles you to receive treatment if you fall ill or have an accident. You will also receive treatment if your long-term illness requires it. The card also entitles you to receive treatment related to pregnancy and delivery. You will pay the same amount for your treatment as permanent Finnish residents do.

Åbo: <https://www.varha.fi/en>

Vasa: <https://en.osterbottensvalfard.fi>

If you are a **non-EU Citizen** and you need to visit a health care professional, you should contact your health insurance provider that you organized insurance with for your stay in Finland. Your health insurance company will be able to give you more information on what private health care services you should contact in Finland for your needs.

Acute illness/urgent health care

However, in case of acute illness or accident, every person residing in Finland has the right to get help by the public health care. If you need urgent health care in the daytime, you should first get in touch with the health care centre that is closest to your Finnish address. Please note that you must call first and wait until you have been told where to go and what to do. If you do not have the European Health Insurance Card, you will be fully charged for the health services.

During nights and weekends, you should go to the emergency service.

In case of emergency, such as sudden illness, unconsciousness or life-threatening, always call 112. The phone number works even though you do not have a Finnish phone number.

Health care for Degree students

Student health care (Finnish Student Health Service, FSHS) is available to all attending bachelor's and master's Degree students. The compulsory health care fee must be paid directly to Kela once per term (spring term March 15th and autumn term November 15th) either with Finnish online banking credentials or as a bank transfer. The fee is €35.35€ per term in 2026. For information on how to pay the fee, see <https://www.kela.fi/how-to-pay-the-student-healthcare-fee-in-higher-education>. **Doctoral students are not entitled to use the services of FSHS.**

- FSHS offers services of general health, oral health, and mental health.
- Services are either free of charge or at low cost.
- FSHS is open from Monday to Thursday 8:00-15:00, on Friday 8:00-14:00, and closed on weekends and national holidays.
- The student health care fee does not cover any emergency or hospital treatment or treatment during evenings or weekends when the FSHS health centre is closed.

If you cannot make it to your appointment, remember to reschedule or cancel it well in advance to avoid the penalty fee. Appointments should be rescheduled or cancelled no later than one full day (24 hours) prior to the appointment.

Health care for staff

ÅAU's health care provider for staff is Terveystalo and on the Åland Islands Medimar. The free health care services mainly cover regular medical services at the general practitioner level. The Occupational Health Service (OHS) doctor will refer you to a specialist for further examinations or treatments, if necessary. You can visit a specialist (such as a psychologist or physiotherapist) 1–3 times per year or, in exceptional cases, up to 5 times per year. Dental care is not included in the services paid by the employer.

All staff members at ÅAU are entitled to occupational health care services free of charge.

If you are on a leave of absence without pay or working on a grant, you are not entitled to use the free OHS services.

For information about booking, see chapter on Occupational healthcare.

The European Health Insurance Card

With the European Health Insurance Card, you will get the same health care as other Finnish citizens with the same health related problems. **Please notice - the card will not cover the medical expenses. A separate insurance is highly recommended.**

Citizens of the EU/EEA-countries are thus entitled to emergency medical care or to medical care required by a pre-existing health condition at the same costs as permanent residents of Finland. **The requirement is that the person is covered by health insurance in his/her home country. You need to investigate these matters in your home country.**

For more information, please see
<https://ec.europa.eu/social/main.jsp?catId=559>.

Health insurance

All students are recommended to have a **valid health insurance** during their studies in Åbo. **Only with proper health insurance can all the costs be covered** if you become ill during your stay in Finland.

- Getting a residence permit requires a valid health insurance. Please check the requirements at Migri's website.
- European health insurance card entitles EU/EEA citizens to the same municipal health care at the same prices as Finnish citizens.
- International affairs highly recommends that exchange students get a health insurance that covers their stay in Finland.

Occupational Health Care

Occupational health care services are available to all working individuals, and it is part of the primary health care. Occupational health care services specialize in health and work issues. It involves maintaining occupational safety and helping the workforce maintain its health and ability to work in co-operation with workplaces.

All employers in Finland have a duty to organize occupational health care services. Occupational health care services cover only the employee, not his/her family.

Occupational health care services for employees at ÅAU are provided through Mehiläinen (Åland Islands: Medimar). Employees can use services at general practitioner level and concerning acute matters. Appointments can be booked online or by phone at www.mehilainen.fi/en or by calling +358 10 414 00.

More information about occupational health care arrangements for the staff at ÅAU is found on **the intranet of ÅAU or by contacting HR@abo.fi**.

Hospitals

Health Care Centre's On-Call Service

If you are unsure of your need for professional medical care (illness, bruises, etc.) you can contact the Health Care Centre's On-Call service (24/7). The professionals will assess your need for medical care and guide you to it if needed, phone: +358 (0)2 313 8800 for those in Åbo, or 116117 for those in Vasa.

During work hours (Mon–Fri 8:00–16:00), please contact your own municipal health care centre or Student Health Service (if you are eligible to be treated there) for guidance. It is best to call as early as possible to get an appointment quickly.

In Åbo, there are three public hospitals:

- The Turku University Hospital (Åbo universitetscentralsjukhus ÅUCS/ Turun yliopistollinen keskussairaala TYKS)
- Turku City Hospital (Åbo stadssjukhus/Turun kaupunginsairaala)
- Turunmaa Hospital (Åbolands sjukhus/Turunmaan sairaala). Some private clinics also provide hospital treatment.

T Hospital (*T-sjukhuset/T-sairaala*) is the Åbo region's accident and emergency (A&E) centre, providing 24/7 specialized medical care and treatment to those who have suddenly fallen ill or sustained an injury.

Address: Sandviksgatan 2-4.

Phone: +358 (0)6 213 1001.

Webpage: <https://en.osterbottensvalfard.fi>

If treatment of an illness or continued examinations requires it, the doctor at the health care centre, occupational health care centre or the private doctor can refer you to hospital care or hospital examinations. Thus, patients generally come to the hospital district's hospitals with a referral from a doctor. In case of acute severe cases, one can come to the on-duty emergency wards and the hospitals' wards for first aid even without a referral.

Specialized medical treatment fees depend on the unit. The fees are either outpatient clinic fees, bed day fees or appointment fees. More information on payment policies is available at www.turku.fi/en (City of Åbo), or for TYKS at www.vsshp.fi/en/Pages/default.aspx (Turku University Hospital) and <https://en.osterbottensvalfard.fi> (Vasa Central Hospital).

Pharmacies (apotek/apteekki)

In Finland, practically **all medicines are sold only at pharmacies** (*apotek/apteekki*). These include e.g. painkillers. Medication that is prescription-free in other countries often require a prescription in Finland. However, painkillers, vitamins, and micronutrients (Calcium, Magnesium, etc.) are available without a prescription. Vitamins and micronutrients are also sold in grocery stores. **Before you bring any medications from abroad, check with the Finnish customs that the medications are not restricted. Otherwise, the Finnish authorities may take legal actions against you.**

The pharmacies situated in the centre of **Åbo** or close to the student apartments are:

- *Universitetsapoteket/Yliopiston apteekki*, Universitetsgatan 18, phone: +358 (0)300 20200, www.yliopistonapteekki.fi/

The Kela card (Kelakortti/Fpa-kort) should be presented in order to get a partial refund of the medication cost.

Dental care

Dental care for international non-degree exchange students

Exchange students have the same right to the Finnish healthcare as other foreigners who live in Finland. From the municipal healthcare, exchange students can only get urgent healthcare. Therefore, to get non-urgent healthcare, exchange students need to have a valid health insurance for the whole stay in Finland. However, students from the EU/EEA countries or Switzerland can get necessary healthcare from the municipal healthcare by showing the European Health Insurance Card. Please see www.eu-healthcare.fi/healthcare-in-finland/moving-to-finland/.

In case of emergency

In Finland, the patient always has the right to urgent care from the municipal healthcare, regardless from which country they have come to Finland or why they are in Finland.

Non-urgent dental care

Several private clinics offer non-urgent dental care services. Students who have a private health insurance may have the expenses covered by their insurance. It is recommended to contact the insurance company before visiting private clinics.

The European Health Insurance Card entitles to medically necessary treatment at any public dental healthcare facility. Contact the municipal health care appointment booking service,

Åbo: phone: +358 (0)2 266 0644 (Mon–Fri: 8:00–15:30) (+358 (0)44 654 1255 Sat 8:00–13:00).

Vasa: phone: +358 (0)6 218 9100 (Mon–Thu 07:30–16:00 and Fri 07:30–15:00)

(Variations between Municipalities may occur)

The health centre charges a client fee, which is based on a fixed scale of charges. The charge for a visit for dental care is about €10–€20. There are also charges for different treatments, which can vary depending on the procedure (from approximately €9 to over €200). For students under 18, dental treatment is generally free of charge.

7. Welfare Benefits

Child Day Care

Child Day Care Services

Day care, pre-school education and playground activities are arranged for children under school age (7 years). Day care offers an environment where the child is able to play, learn and participate in everyday routines. The premises, equipment and materials of day care are tailored to suit the age and needs of the child.

An early childhood education plan is the guideline for all municipal and private day care centres and family day care centres to follow. The following day care alternatives are available:

- Municipal day care centre
- Private day care centre
- Family day care or three-family day care
- Play club activities

Åbo

Municipal services are offered in **Finnish and Swedish**. Please see <https://www.turku.fi/en/early-childhood-education-and-preschool-education>

The Mannerheim League for Child Welfare (*Mannerheims Barnskyddsförbund/ Mannerheimin Lastensuojeluliitto* MLL) offers you help with childcare. The League's childcare service is meant to meet temporary and short-term needs for childcare assistance. The Mannerheim League for Child Welfare has a pool of babysitters. They are trained and suitable to work with children. Qualified babysitters hold a valid license issued by MLL. For more information, see <https://www.mll.fi/en/>

Schools

Every person living in Finland receives free basic education provided by the local authority.

Basic Education, Grades 1– 9

The Ministry of Education has accepted the grounds for the basic education curriculum. The municipal basic education curriculum for grades 1–9 is based on those grounds, and all schools in the Åbo and Vasa regions follow the curriculum. It is for all youngsters between 7 and 15 years.

Basic education is given in the schools of Åbo in Finnish at 33 schools, in Swedish at 4 schools and in English at the Turku International School, see <https://sites.utu.fi/tis/>. In addition to the schools administrated by the city, the University of Turku Normal School and Steiner School also operate in Åbo.

Vasa City maintains 14 Finnish-speaking and 5 Swedish-speaking schools that provide basic education. Basic education is also offered at the Swedish-speaking state school Vasa Övningsskola (teacher training school) and the private schools Vaasa Christian School and Vaasa Rudolf Steiner School.

For more information on basic education in Åbo, see www.turku.fi/en/basic-education

For more information on basic education in Vasa, see [www.vaasa.fi/en/living/early-childhood-education-and-schools/basic-education/ - ceb3516f](http://www.vaasa.fi/en/living/early-childhood-education-and-schools/basic-education/-ceb3516f).

Upper Secondary Education

Upper secondary education is given in the schools of Åbo in Finnish at 6 schools, in Swedish at Katedralskolan i Åbo and in English at the Turku International School.

In addition to the upper secondary schools administrated by the city, also the University of Turku Normal School and Steiner School operate in Åbo.

In Vasa upper secondary education is given in Finnish at Vaasan lyseon lukio and in Swedish at Vasa gymnasium, Vasa Övningsskola (incl. IB program) and Vasa svenska aftonläroverk.

Turku International School

Turku International School was founded in 2003 and is primarily aimed for international children living either temporarily or permanently in Åbo. Additionally, Finnish children returning home after several years abroad attend this school.

Language competence tests are organized by the school for non-native English-speakers. The English language test is obligatory. The school offers grades 1–9 in basic education as well as upper secondary education based on the International Baccalaureate Diploma Program.

For more information and application, see <https://sites.utu.fi/tis/>.

Social Benefits for Families

Families are supported in Finland through various forms of services and income transfers. The municipality of residence (*hemort/kotikunta*) gives access to municipal services, such as child day care and health care services.

Most social security benefits are provided by Kela. Eligibility for Finnish social security benefits are based on residence in Finland. If you intend to move to Finland permanently, you will normally be covered by the Finnish social security system and will qualify for Kela benefits as soon as you move to Finland.

Coverage under the Finnish social security system is applied for by filing the Kela form Y 77e, when you first apply for a benefit. **Students moving to Finland for the sole purpose of studying are considered to be resident in Finland temporarily. The exception to this is students moving from another Nordic country who can gain social security coverage in Finland if they are recorded in the Finnish population register as residents of Finland.**

Here are some examples of family benefits:

- The child day care fee is determined by the family's size and earnings. Low-income families are not required to pay any fees. Financial assistance is also available for private care if a child under school age is cared for by a private day care provider.
- Maternity and child welfare clinics attend to women who are expecting or have given birth to a child, as well as children under school age.
- Parental allowances: Expectant mothers and mothers who have given birth receive maternity allowance, which is usually determined based on the mother's earnings. Fathers can apply for paternity allowance for the period of paternity leave taken after the child has been born. After the period of maternity allowance has come to an end, one of the parents can apply for parental allowance. The parental allowance period ends when the child is about nine months old.
- Kela pays a monthly child benefit for children under the age of 17 residing in Finland.
- For a complete list of benefits for families with children, see www.kela.fi/web/en/families.

All benefits for families with children can be applied for on Kela's website.

8. Housing

There are several alternatives for arranging your accommodation in Åbo and Vasa. Please note that most visiting scholars stay in the guesthouses or guest apartments of the host university. These apartments need to be booked by the host department well in advance. However, the Student Village Foundation also houses visiting staff and their families regularly if there is room in the foundation's apartments.

Temporary Accommodation

Åbo

The webpage www.visitturku.fi/en has a collection of places to stay in Åbo and in the neighbouring areas.

Vasa

See the website www.vaasa.fi/en/see-and-experience/stay/.

In addition to **hotels**, there are **hostels**, **Airbnb**, **B&B's**, and **companies offering apartments** for longer stays. You may also be able to find **cottages for rent in the archipelago**.

If you plan to travel in the rest of Finland, we recommend you have a look at www.visitfinland.com/ for tips on where to stay, how to travel and things to see and do.

Housing in Åbo

Student Village Foundation (TYS)

The Student Village Foundation of Turku, *Turun Ylioppilaskyläsäätiö (TYS)/ Studentbystiftelsen i Åbo*, is an independent foundation that provides housing for students in Åbo and Rauma. Åbo is divided in the East and West Student Villages, situated approximately 1.5 km from campus. Further one housing, called Iltakajo is situated in Varissuo, approximately 6 km from campus.

The rent for **TYS flats and rooms** varies between € 300–1,500 per month depending on the type of flat. The rent includes electricity, water, heating,

and internet (an additional internet cable may be required). When living in a TYS flat you will have saunas, laundry rooms, and common rooms at your disposal.

An **online application for housing** must be submitted to the housing office no less than six weeks before the beginning of the studies in Finland. For all fixed-term leases with a duration under 12 months, the Student Village Foundation charges an admission fee of €60.

New leases will not be subject to a security deposit. However, if you have a payment default, a security deposit equaling three month's rent will be charged. Note that researchers or PhD students are offered rentable flats with basic furniture, which does not include mattresses or lamps.

Please note that priority is given to bachelor's and master's degree students.

For more information, please see the instructions by TYS on their homepage <https://tys.fi/en>. Please note that housing payments might vary from year to year so be sure to check the latest information from TYS.

Tavasthem student residence

At Tavasthem ÅAS provides student accommodation in the heart of Åbo, close to both campus and the city centre with all the best restaurants in town. At Tavasthem you can choose to relax in the comfort of your own room or to socialize with the rest of the tenants in the Tavasthem-community.

Tavasthem was renovated in 2017 and has 44 updated rooms in which modern comfortability and architect Erik Bryggmans' signature mid-century style coexists in balance. There are mostly studio apartments (approx. 16m²) but also some two- room apartments (approx. 32m²) at Tavasthem. Rent for a studio apartment is €439 and €655 for a two-room apartment. The utility fee (water, electricity and Wi-Fi) is €26 per person.

Most of the apartments have their own refrigerator, WC, and a space for a microwave. Some of the two-room apartments also have their own showers and stoves.

All tenants have access to the communal kitchens, showers, and laundry rooms. The house is also home to a gym, event venues, an esthetician and the popular lunch restaurant Kårkafé Kåren where students can enjoy a meal for a small sum.

The refundable security deposit is equal to two months of rent. All leases are signed for a minimum period of 12 months.

If you have any questions, do not hesitate to contact our real estate coordinator Nora Möller at uthyrningar@studentkaren.fi or by phone +358 50 477 4076.

Private Market Flats

If you prefer to rent a flat elsewhere in Åbo or Vasa, get in touch with any of the housing agencies. Please note that flats on the **private market** are often rented for a minimum of one year and are rarely furnished. There are housing agencies that specialize in serving students, for instance:

OVV Asuntopalvelut Turku

Universitetsgatan 5, 20100 Åbo

Phone: +358 (0)40 840 1390

Email: turku@ovv.com

<https://www.ovv.com/en/>

You can also try <https://www.vuokraovi.com/?locale=en> , which also has information in English.

In addition, you can check the advertisements in the local newspapers *Turun Sanomat* (Åbo), *Åbo Underrättelser* (Åbo), *Vasabladet* (Vasa), *Österbottens tidning* (Vasa) and *Ilkka-Pohjalainen* (Vasa), under *vuokrattavana/uthyres*, or you can put your own request to rent a flat in any of these newspapers. **Social media** can also be of help, there are groups for the purpose of finding flats for rent e.g. on Facebook. If you're interested in community living, you can join the group "Turun kommuunit" on Facebook.

The Student Union also has a few rental flats in Åbo mainly for students. Contact them for further information www.studentkaren.fi/en/contact-information/.

Buying a Flat

A foreigner living in Finland has the right to buy a flat. The statutes of certain housing associations may prohibit transfer of its shares to foreigners. If you encounter any such restrictions, you can apply for special permission from the Advisory Committee for Foreigners' Investments of the Ministry of Trade and Industry. You can also contact a real estate agent or lawyer to assist you in such matters. Foreigners' rights to land and house ownership are restricted only in exceptional situations.

Practical Matters Related to Housing

Many sites offer useful **information to international students on housing**, which might be helpful even if you do not live in an official student accommodation. See, for example:

Electricity

The electric current in Finland is 230 V, 50 Hz. The power sockets (plugs) are according to European standards (two-pin continental sized).

Home Insurance

Regardless of where you live, home insurance is recommended. In case of any damage to the apartment caused by carelessness or, for example, home appliances (e.g. water damage), the tenant must compensate the owner of the apartment for the repair costs. If the tenant has a home insurance, the costs will usually be paid by the insurance company. Additionally, home insurance will cover the belongings of the tenant. In case of e.g., burglary, the home insurance will cover any possessions stolen (excess required).

Internet Connection

Internet Connection – Tavasthem student residence in Åbo

There is an internet connection in all the Tavasthem apartments. The network is supplied by ÅAU. You can use the connection immediately with a network cable. For Wi-Fi, see Eduroam below.

Please note that you might need to bring or acquire a network cable yourself.

Internet Connection – Student Village Foundation Accommodation in Åbo

There is an internet connection in all the Student Village Foundation apartments. When signing the lease, you are required to sign an internet connection agreement, and you can use the internet straight away with a network cable.

Please note that you might need to bring or acquire a network cable or a Wi-Fi router yourself. Further information on tariffs, general regulations and agreements you can find at www.yok.fi/en/frontpage/.

Internet Connection – Privately Rented Flat

You can get an Internet connection with a student discount through your host university (most commonly ADSL). Contact ICT services (see chapter 2.10) for further information. It is illegal to access the internet through someone else's wireless network without the owner's permission.

Eduroam

Eduroam is a worldwide roaming access service developed for the international research and education community. ÅAU and Novia UAS are members of Eduroam. Eduroam offers a safe and **easy wireless connection to the Internet free of charge**. University members can use the Eduroam network in other Eduroam organizations around the world.

Lost keys

You usually do not need a key to lock the door of a flat in Finland, meaning that the doors lock immediately when closing it. This means that you might accidentally forget the keys in your room or flat and lock yourself out.

Lost keys – Tavasthem in Åbo

If you live in Tavasthem, you can borrow a spare key from the ÅAS service point during the opening hours. It is free of charge, but you must be able to prove your identity. The spare key must be returned as soon as possible.

If you lock yourself out after opening hours and do not want to wait until the service point opens again, you can call the following number:

+358 (0) 207 491 491 (TaloTeam). Door opening is chargeable (ca €40). The fee can be paid to the service person immediately or it can be charged later for an additional fee. The caretaker on duty will immediately require seeing some proof of identity and will only open the door to the apartment's official tenant(s).

Lost keys – Student Village Foundation Accommodation in Åbo

If you live in a flat or room provided by the Student Village Foundation in Åbo, you can get a **spare key** from their offices during office hours. It is free of charge, but you must be able to prove your identity. The spare key must be returned as soon as possible. **If you lock yourself out after office hours or during the weekend and you cannot wait until the morning of the next weekday, you can call door opening services Arkea Oy:**

+358 (0)2 284 6998 (except for Itakajo)

+358 (0)2 275 2138 for Itakajo

Door opening is chargeable (€40–50). The fee can be paid to the service man immediately or it can be charged later. The caretaker on duty will immediately require seeing some proof of identity and will only open the door to the apartment's official tenant(s). Please check with your landlord how you can get a spare key (Lärkan, VOAS, Retrodorm etc.).

Lost keys – Lärkan in Vasa

If you live in Lärkan, you should contact the property manager. The correct contact information can be found at the front door or on the notice board in the stairwell. Door opening is chargeable; the payment must be made to the maintenance company.

Lost keys – VOAS in Vasa

If you live in a VOAS flat or room, you should contact the service company (Luotsi Kiinteistöpalvelut Oy) at their number: +358 00 389 1839, which serves 24 hours. **The opening fee is 40€, which the tenant can pay directly to the service person with a card or in cash.** When paying by invoice, the opening fee is 55€ and the invoice will be sent to the tenant by VOAS afterwards. Identity must be proved when the door is opened.

During the opening hours of the VOAS office, you can pick up the key from the office free of charge. Identity must be proved when you pick up the key.

Lost keys – Privately Rented Flat

Always call the caretaker or the caretaker company. You can find the address and **telephone number of the caretaker (or company) on a notice board by the entrance of the building.** You must prove your identity. Charges for opening the door vary between companies and depend on the time of the day or night.

Laundry

Laundry – Tavasthem

There is a washing machine and dryer in Tavasthem. The usage of the machine

is paid by mobile phone. The price is € 1.70 per use. Please note that prepaid accounts need to have a certain amount of money stored in order to pay the laundry service. All laundry reservations are made on a list outside the laundry room.

Laundry – Student Village Foundation Accommodation in Åbo

There are washing machines in the Student Village and in other student accommodations. Please check the different terms of usage and instructions for the laundry rooms that you are entitled to use.

The usage of the machines in the Student Village Foundation accommodations is paid online through TYS Booking. The price is around €2 per use. Please note that prepaid accounts need to have a certain amount of money stored to pay the laundry service. If the reservation hasn't been taken to use within 15 minutes after its start, the machine becomes available for others to use. All laundry reservations are made online. You can access the online reservation from the Student Village Foundation's webpage, at <http://booking.tys.fi/auth/login>. If you are unable to use your reserved slot, please cancel it on the webpage.

Laundry – Lärkan

Both properties are equipped with laundry rooms on the bottom floors. Use the reservation list on your building's bulletin board. All tenants are allowed to use the laundry rooms in their own buildings. Do not dry your clothes in your flat. Instead, use the laundry room's drying room or your balcony.

Laundry – VOAS

As VOAS inhabitant you can easily reserve a time for using the washing machine online, see <https://varaukset.voas.fi/en/reserve-space/>.

Laundry – Privately Rented Flat

Finland does not have a lot of the usual laundry/laundromat services that exist in many countries. **Usually, apartment buildings have a laundry room where tenants can do their laundry.** These are reserved only for the use of tenants of the building or group of buildings. If you need a laundry service somewhere else, see <https://24pesula.fi/en/locations/#kartta>. Pretty much all other laundry services are dry cleaners.

Repairs

Repairs – Tavasthem in Åbo

If your residence is in need of repair (for example if the faucets leak or the door locks are broken), you should contact the real estate coordinator at uthyrningar@studentkaren.fi.

Try to be as precise as possible when identifying the defect. Please note that replacing light bulbs in your room/flat is the responsibility of the resident.

In case of emergency repair contact the caretaker company TaloTeam, phone +358 (0) 207 491 491.

Repairs – Student Village Foundation Accommodation in Åbo

If you live in a Student Village Foundation flat and your residence is in need of repair (for example if the faucets leak or the door locks are broken), you should fill in a request for repair form, which is available online: <https://tys.fi/en/fault-report-and-maintenance>. Try to be as precise as possible when identifying the defect. **Please note that replacing light bulbs is the responsibility of the resident.** Special light bulbs are sold, for example, at the housing office. In case of emergency repair in the Student Village Foundation flats in Åbo, contact the caretaker company *Arkea*, phone +358 (0)207 597 577.

Repairs – Privately Rented Flat

You can call the caretaker or the caretaker company of your building. The contact information is available on the noticeboard of your building, usually placed by the building's main entrance.

Recycling

Recycling is common in Finland and especially the paper-recycling rate is among the highest in the world. Recycling is the one of the easiest ways to **protect the environment**. In addition to recycling paper, glass, metal, cardboard, batteries, and bio-waste, normal mixed waste should be sorted into burnable waste and landfill waste.

Note that most bottles and cans can be returned to grocery stores, and you will then receive some money back in return.

Most residential buildings or groups of buildings have their own **recycling bins** in the yard or the residential area. If your building does not have recycling bins, you can usually find them next to bigger supermarkets as well. On the different containers or next to them, there are usually instructions on what you can put where. If you do not recycle, although we strongly recommend that you do, **please make sure that you do not put your garbage in containers where it does not belong** (e.g. all household garbage in the recycling bin for paper).

9. Travel and Transport

Åbo and Vasa are both fairly small cities, and the distances are short. It is easy to get around on foot or by bike. Note, however, that you should not walk in the marked bicyclist's lane, but in the lane marked for pedestrians. For your own safety, cross the street only when the lights are green and remember to wear a reflector tag when it is dark. For longer distances, the public transport systems are at your service

Biking

It is often faster to go by bike than by car in Åbo and Vasa. Remember to install a white or yellow light in the front of your bike, and a red one on the back. Use the lights when it is dark. Make sure your bike has reflectors. Both are regulated by law, and **you can get fined if you ignore these regulations**. We also recommend wearing a helmet and always lock your bike to prevent it from being stolen. Note that bikers are only allowed to bike on the sidewalk when it is specifically marked that bikers are allowed (bike lane or combined bike/pedestrian lane). At other times, bikers must keep to the road and follow regular traffic rules. At the tourist information offices, you can ask for a map of the biking lanes in the city:

Most of the bicycle shops sell second hand bikes as well as new ones. You can also find used bikes at recycling centres and flea markets (such as Turun Ekotori in Åbo, see chapter 8.5) or online flea markets on Facebook. The police arrange an auction twice a year where they sell unclaimed found/stolen bikes.

In Åbo, the bus company, FÖLI, also provides city bikes, which are mainly for a short-term use, but they also provide tickets from a day up to a year. For more info about the city bikes go to www.foli.fi/en/föli-bikes.

There are also three dockless electric scooter companies operating in Åbo, Lime, Voi, Ryde and Dott. More info can be found at www.li.me/, www.voiscooters.com/, <https://www.ryde-technology.com/> and www.tier.app/en/.

In Vasa you can rent a bike from Visit Vaasa or Bike shop-pyöräliike Viertola, see www.vaasa.fi/en/see-and-experience/stories-from-the-vaasa-region/vaasa-city-day-on-foot-or-on-a-bike/. Buses, Taxi, Car Rental and Trains

City buses

Bus stops are marked by yellow/black or blue/white signs. The yellow ones indicate bus stops for the Åbo/Vasa City Transport Service and the blue ones for long distance buses. The numbers given at the bus stops with a yellow sign indicate which buses stop there.

To get on a bus, wait at the right bus stop and be prepared to signal, by waving your hand, to the driver that you want to get on the bus. You must always get on the bus through the doors closest to the front.

To get off the bus, press the 'stop' button at a reasonable distance beforehand to indicate to the driver that you wish to get off. You should always get off through the doors in the middle or on the back of the bus.

Students are eligible for discounts prices on bus cards. However, you must be registered as a student and should present either a valid student card or student card with a stamp form the university. Bus cards can be bought at the bus office, Föli in Åbo and Lifti in Vasa. Please keep in mind that many students collect their bus cards at the beginning of the academic year and that the queues might be long. Prepare, if possible, the necessary papers in advance.

For more information on timetables, fares, and routes, visit Matkahuolto at www.matkahuolto.fi/en. You can also find cheap tickets from Onnibus at <https://www.onnibus.com/home>. Both companies offer routes between the biggest cities in Finland.

Trains

All railway traffic in Finland is handled by the state-owned railway company VR, see <https://www.vr.fi/en>. **Exchange and degree students with a Finnish student card, or a temporary certificate issued by VR, have the right to a discount on long distance fares.** The discount varies between 30 % and 50 % depending on the time and route you wish to travel. Students also get a 50 % discount on one-way tickets and serial tickets with local trains.

Please note that if you cannot present a Finnish student card or a student card issued by VR or Matkahuolto onboard the train, you will have to buy a new ticket for the full price. **Note that PhD and visiting students cannot buy discounted student tickets.**

Taxi

Taxis in Finland are expensive in comparison to many other countries. To get a taxi you should call the taxi company and order one. Flagging taxis in the streets is rare and may not work. You can also get a taxi from the taxi stations. Since July 2018, Finland has a deregulated taxi industry, and the prices will vary depending on the company or provider in question. It is good to ask the taxi driver about the price before the trip begins.

Phone number to taxi companies:

In *Åbo*, call +358 (0)20 010041, or visit <https://taxidata.fi/en/>.

In *Vasa*, call +358 (0)6 100411 or +358 (0)600 30011, or visit www.taksivaasa.fi/en/

The apps 02 Taksi, Taxidata, Valopilkku, Yango and Uber can also be used to order a taxi. Taxidata and Yango do not work in Vasa.

Car Rental

To be able to rent a car in Finland you must be at least 20 years old and have had your driving license for at least one year prior to renting. For more information, please contact the car rental companies directly, for instance:

Autovuokraamo Sixt, <http://fi.sixt.com>

10. Services

Bank Services

There are several banks (*bank/pankki*) operating in Åbo and Vasa, for example:

Aktia, www.aktia.fi

Liedon osuuspankki (Åbo), www.poppankki.fi *Kyrönmaan osuuspankki (Vasa)*, www.poppankki.fi *Nordea*, www.nordea.fi

Osuuspankki, www.op.fi

Danske Bank, www.danskebank.fi

Ålandsbanken, www.alandsbanken.fi

Cash Withdrawal

You can use Finnish bank/credit cards and foreign credit cards to withdraw money from self-service cash machines – ATMs – known as “Otto-automaatti” (*bankautomat/pankkiautomaatti*) that are open round the clock. Please check with your own bank for possible charges when withdrawing money. For more information on Otto, see www.otto.fi/en/.

International Credit and Payment Cards

The main international credit and payment cards accepted in Finland are **Visa and Master Card** and some of the brands’ sub cards like **Visa Electron and Maestro**. These cards are accepted in the major department stores and restaurants. Please check beforehand with the place where you wish to do your purchase if they accept the card you want to use. Also, note that **most transactions require that you use your PIN code to verify the transaction.**

Money Exchange

You can change money in most banks in Finland. Please note that not all currencies will be immediately available. For more information, visit your own bank in Finland. You can also visit the money exchange bureau Forex in Åbo:

Forex

Eriksgatan 13, 20100 Åbo www.forex.fi/en

Office Hours

Most banks are open Mon–Fri and closed Saturdays and Sundays. Cash services are usually limited, and advice services usually require appointment booking. Please **check the exact opening hours of your bank** at their website.

Opening a Bank Account

If you are an EU/EEA citizen and you stay in Finland for less than a year, you do not need to open a bank account, especially if you have online/internet banking with your bank in your home country.

In order to **open a Finnish bank account**, you need to have an active address in Finland. Please fill in and send the change of address notification before trying to open a bank account in Finland. You might also need a Finnish Personal Identity Code and proof of reason for staying in Finland.

Service fees vary from bank to bank but opening a bank account is free of charge in some banks. Comparing the banks is often difficult, but most of them offer students and young people under 26 self-service packages free of charge. These include an ATM-card, usually a debit card, for cash withdrawals. For additional services, a fee will be charged. Price lists are available at the bank counters and online. **In case you are unsure or encountering problems, ask if your tutor can join you for the bank meeting.**

Paying Bills

Cheques are not used in Finland. During your stay, there will be many different fees and bills, like your rent, that you are required to pay. This is mainly done through internet banking, which is the easiest and cheapest way to pay your bills. Some banks may offer direct payments for monthly bills. Ask your bank for further information. The fee for a payment made at the bank counter by a bank official vary in price.

Mail

The mail in Finland is handled by a government owned company called *Posti*. Posti offers its services all around Åbo and Vasa. Mostly, they provide their services through other companies (e.g. R-kioski, K-Market, K-Citymarket). Please look up the nearest service station on the internet.

For information on opening hours, postal codes, and prices, check the webpage: www.posti.fi/en.

Stamps can be bought at most grocery stores, kiosks, bookshops, and department stores. Prices for international delivery depends on destination country and the weight, please see www.posti.fi/en.

Telephones

There are no public payphones in Finland. Instead, the majority has mobile phones.

Mobile Phones

The major operators in Finland are *Telia*, *Elisa* and *DNA*. The operators' tariffs, service fees and campaign offers may vary significantly, so it is advisable to just ask around at the different operator offices. For more information, ask any shop selling mobile phones.

For exchange students, the easiest and most reasonable option is to get a pre-paid connection. These pre-paid connections can be bought in R-Kioski and in the shops of the operators. These do not require deposits or any official documents.

International Calls

If both you and the recipient have access to a computer connected to the internet, then **Discord** (<https://discord.com/>) and similar programs are excellent options for making international voice calls for free.

You can make direct calls to most countries from Finland with mobile phones. For a list of countries, codes, and charges, please check the telephone directory.

Number Inquiries

There are two service numbers for national number inquiries:

- 118 (Prices depend on service provider, see www.118.fi/ for further information in Finnish).
- 020202 Service, see www.fonecta.fi.

There is only one service number for international number inquiries:

- 020208
- From abroad +358 202 05

Internet Connection

Once you have your username and password for the computer services offered by the university you can use the **Wi-Fi available on campus** (Eduroam). There are also other places where you can get internet access for free or for a low cost, for example:

Åbo

- *Luckan*, Auragatan 1 B, <http://abo.luckan.fi>

It is worth noting that Finland has an advanced and broad cellular network. It is common that people use their mobile network and therefore Wi-Fi is less common in public places.

Eating and Drinking

Students with a valid student card can get **cheap lunches at the student restaurants on campus**.

Eating out is fairly expensive in Finland. Restaurants serve **lunch on weekdays for €9–16**. In the city centre of Åbo and Vasa (and along the river Aura in Åbo) there are many nice restaurants, some of which also serve lunch. The cafés usually offer coffee, cake, sandwiches, and salads.

For tips about cafés and restaurants, visit the tourist information offices or have a look at their websites, for Åbo: www.visitturku.fi/en, and for Vasa: www.vaasa.fi/en/see-and-experience/, or **talk to some of the local students**.

They may have some good advice!

If you are in Åbo, do not miss the riverboats that lie mostly on the east side of the riverbank between the bridges Aurabron (Auransilta) and Kvarnbron (Myllysilta). Some of them offer food whereas others function as bars.

Student Cafeterias and Lunch Restaurants

Åbo

On the **Åbo ÅAU campus**, there are four student restaurants that serve lunch on weekdays. These are:

- *Kårkafé Arken*, Arken building/Fabriksgatan 2
- *Kårkafé ASA*, ASA building/Fänriksgatan 3
- *Kårkafé Aurum*, Aurum Building/ Henriksgatan 2
- *Kårkafé Kåren*, the Student Union Building Kåren/Tavastgatan 22

For more information on opening hours, lunch menus etc., see www.karkafeerna.fi/en/lunch.

Student's restaurants at the UTU Campus are:

- *Ravintola Assarin Ullakko*, Finnish Student Union Building/ Rektosåkersgatan 4 A (lunch also on Saturdays)
- *Ravintola Galilei*, Agora/Vattenborgsvägen 3
- *Ravintola MacciaVelli*, Educarium/Assistensgatan 5
- *Ravintola Monttu ja Mercatori*, Rehtorinpellonkatu 3
- *Ravintola Dental*, Dental/Lemminkäinengatan 2
- *Ravintola DeliPharma*, Östra långgatan 4
- *Ravintola Kisälli*, Joukahainengatan 7
- *Ravintola Linus*, Joukahainengatan 3
- *Ravintola Delica*, Östra långgatan 4

For more information on opening hours, lunch menus etc., and the location of student restaurants off campus, see www.unica.fi/en/restaurants/.

Vegetarian restaurant *Keidas* at Nylandsgatan 3 also serves lunch for the student price of €2.95. See their Facebook page “Kasvisravintola Keidas” for more information.

Vasa

On the **Vasa ÅAU campus**, there are two student restaurants that serve lunch on weekdays. These are:

- *Restaurang Alexander*, Academill/Strandgatan 2
- *Café Ann-Mari*, Academill/Strandgatan 2

There are also restaurants on Brändö that serve student lunch:

- *Restaurant W33*, Novia UAS/Wolffskavägen 33
- *Café Techno*, Technobothnia/Brändö

- *Cotton Club and Buffet*, Yliopistonranta 2
- *Tervahovi*, Vaasa University/Wolffskavägen 34

Juvenes has four restaurants and three cafés around the campus area at Brändö:

- *Ravintola Alere*, Wolffskavägen 27-31
- *Café Alere*, Wolffskavägen 27-31
- *Restaurant Serveri*, Wolffskavägen 30
- *Café Wolff's Street*, Wolffskavägen 30
- *Café Oskar*, Wolffskavägen 34

For more information on opening hours, lunch menus etc., see

- *Restaurant Alexander*: <https://abo-academi.ravintolapalvelut.iss.fi/abo-academi>
- *Café Ann-Mari*: <https://abo-academi.ravintolapalvelut.iss.fi/kahvila-ann-mari?nayta=hoiva>
- *Juvenes restaurants*: <https://juvenes.fi/ravintolat-vaasa/>
- *Fides* (an app where you can see lunch menus for both restaurants with student prices and restaurants with normal pricing Vasa only) <https://www.fides-info.com/en/Vaasa>
-

The lunch includes a warm meal, salad buffet, bread and a beverage. To get the lunch for the student price of €2.95 you must present your Finnish student card or a Kela meal subsidy card. Without such cards, you will have to pay the full meal price. There is always a vegetarian and/or a vegan option available.

Other Services

Both Åbo and Vasa offer most services that you need in your everyday life. If you need help with finding a company/store offering the service that you need, you can use www.fonecta.fi. The website is only in Finnish but is very easy to use. You enter the name of city you are interested in the box marked "Paikkakunta". In the other box, marked "Yrityksen nimi tai hakusana", you write a search word in **Finnish** (e.g. 'kahvila' for 'café') or the name of a specific company that you are looking for. Press Enter and the site should give you the search results.

Shopping

There are a few things that may be good to know when doing your shopping, both groceries and other things. The words '**ale**' (short for *alennusmyynti*), '*tarjous*', '*erikoishinta*', '*erbjudande*' and '**rea**' (short for *realisation*), mean '**sale**', '**special offer**', '**discount**'. In grocery stores, items with **tags reading -30% or -60% (21:00–)** are on discount. This can be due to closeness to the expiration date or that the item will no longer be available in the store.

The opening hours of shops vary so check the opening hours of your local food store. Most department stores and grocery stores are open from 9:00/10:00 to 19:00/21:00 during weekdays, from 9:00/10:00 to 17:00/18:00 on Saturdays, and from 12:00 to 18:00 on Sundays. Some small shops that sell only groceries are open to 23:00 every day. **There are 24-hour grocery stores as well.** Bookshops, clothes shops etc. are usually open from 9:00/10:00 to 17:00/20:00 weekdays, from 9:00/10:00 to 14:00/19:00 on Saturdays and 11:00 to 18:00 on Sundays.

N.B. On public holidays, (see list at the end of this guide) some shops are closed. On the eve of a public holiday, they close at the same time as on Saturdays. If a public holiday falls on a Saturday, some shops are open on the following Sunday. Grocery stores are usually open even on public holidays, but with a narrower timeframe. Most shops also post information about holiday hours in advance.

The following shops are **grocery stores**:

- *Prisma* (also department store)
- *S-Market*
- *Sale*
- *K-Citymarket* (also department store)
- *K-Supermarket*
- *K-Market*
- *Lidl*
- *Minimani* (Vasa only)
- *Tokmanni*
- *Halpa-Halli* (Vasa only)

The bigger shops are usually slightly cheaper than the smaller ones, but the smaller ones are also often open longer than the bigger ones. To find your nearest grocery store, check these webpages:

- *Prisma*, *S-Market*, *Sale*: <https://www.s-kanava.fi/en/locations/>

- *K-Citymarket, K-Supermarket, K-market:*
www.kesko.fi/en/customer/stores/#grocery_trade
- *Lidl:* www.lidl.fi/myymaelaet
- *Minimani:* www.minimani.fi/minimani-myymalat
- *Tokmanni:* www.tokmanni.fi/stores

Note that **grocery bags cost about 25-40 cents**, but they are roomy, sturdy and reusable. They also double nicely as trash bags. You pack your own bags when you pay at the cashier in the grocery store. Nowadays you can also find tote bags in the grocery stores, which cost you a little bit more but allow you to use them for longer time.

Alcohol is not sold in grocery stores except for beer, cider, and long drinks with an alcohol content of no more than 8%. All other alcoholic beverages are sold at Alko, see <https://www.alko.fi/en/shops-services>. **Alcohol is not sold in stores before 9:00 and after 21:00.**

The age limit for the purchase of beer, cider and wine is 18, for stronger drinks 20. Bottles and cans should be returned to grocery stores and in return you will get some money back (*pant/pantti*). Some stores do not accept other stores' bottles and cans as *pant/pantti*, so check before returning them.

Second Hand Shops

There are second hand shops in both Åbo and Vasa. For temporary Sunday flea markets, check your local newspaper or the newspaper *Turkulainen* (in Åbo) under *Kirpputorit*. You can also look for flea market groups on Facebook. At www.kirppikset.info/ you can look for flea markets and second-hand shops in different cities. Many of the second-hand shops sell clothes, some also sell kitchen utensils and furniture.

Lost property

The **Lost Property Office** keeps everything found in public areas. Some department stores, hotels, and companies also have their own 'lost and found' departments. In Åbo, there are also some private lost and found companies who work with certain bars, restaurants, and bus companies for instance. Everything that is found in these places can be picked up from the private lost property offices.

Look up the contact information of the airline in question through the website of the specific airport you arrived at. All this information is available at the website of the *Finnish Civil Aviation Administration*: www.finavia.fi/en.

11. Recreation

Culture

Åbo and Vasa offer a great variety of cultural experiences that you can discover during your stay. There are **choirs, theatres, cinemas, dance theatres and performances, museums, orchestras and bands who give concerts, as well as festivals and other cultural events**. If you need help finding events and things to do, contact the **tourist information** offices or have a look at their websites. You can also ask around among your local friends or check with the Student Union or your subject's student association as they sometimes organize trips to the theatre or cinema.

The **city of Åbo** has rather good information about cultural events and museums on their website as well. The **city of Vasa's** website offers some links to cultural events too. It may also be a good idea to like the cities on Facebook and get updates on upcoming events.

14. Miscellaneous

Finnish Manners and Customs

Greeting

When Finns introduce themselves to new people, they often shake hands. When Finns meet friends or people they know, they simply just say “Hello”. Younger people sometimes greet each other with a hug.

Punctuality

Most Finns are punctual both at work and in their social life. When you are off to meet somebody, you might want to arrive five minutes early rather than five minutes late. A mobile phone comes in handy if you are delayed, and it is polite to let your contact know that you will arrive late.

Queuing

Waiting for your turn when queuing is an unwritten rule in Finland. Finns can be strict about queuing, and you should never try to cut the line. However, you should be aware that “queuing” does not solely refer to standing in line. It generally refers to almost any situation where there are people waiting for their turn to do something. Most importantly, it means waiting for one’s turn and showing respect for those who came before you. Queuing systems with numbered note-sized pieces of paper are quite common.

Telephone Etiquette

There are no public telephones in Finland, but practically everyone has a mobile phone. It is considered impolite to use a mobile phone in situations where it could be disturbing to others, e.g., in lecture halls, meetings, concerts, theatres, churches, or libraries. On the other hand, people often use their mobile phones in public transportation.

Equality and non-discrimination

According to Finnish law, everyone is entitled to be treated equally. Discrimination based on gender, age, sexual orientation, ethnicity, religion etc. is strictly prohibited. Discrimination is a crime.

Same-sex marriage is legal in Finland.

Religion

Finland has freedom of religion and about 66.6% belong to the Evangelical Lutheran Church. However, many Finns are quite secular, and religious beliefs are considered to be a very private matter.

Food

Nowadays, the Finnish cuisine is a mixture of European, Scandinavian, and Russian influences. Traditional Finnish food is most commonly eaten on holidays, but there are still some dishes that are eaten throughout the year.

Finns usually eat a rather sturdy breakfast as well as a proper meal for lunch. Lunch is normally served from 11:00–14:00, and dinner around 17:00–19:00. Restaurants serve dinner until late in the evening, but the kitchen usually closes half an hour before the official closing time.

There are several student restaurants at both the Åbo and Vasa campuses, which serve lunch for an affordable price (€2.95 with a Finnish student card) on weekdays, and in some places even on Saturdays. For more information, please see chapter 10.5.

During the year, there are several instances when you can sample traditional Finnish foods associated with holidays.

- *Runebergskakelse /Runebergin leivos*, served on February 5th every year, in honor of Finland's national poet Runeberg
- *Fastlagsbulle/Laskiaspulla*, served 46 days before Easter holidays
- *Memma/Mämmi*, served during the Easter holidays
- *Struva & Mjöd/ Tippaleipä & Sima*, served May 1st
- *Julbord/Joulupöytä*, served December 24th for Christmas

Drinks

Finnish tap water is drinkable and has been proven purer than many brands of bottled water. It is quite common to drink milk with food as well.

The drinking culture differs slightly from other European countries when it comes to alcohol, although the consumption of alcohol per person per year is at a European average.

Note that only beer, cider, long drinks and wine with an alcohol content of no more than 8% can be bought in regular food stores, whereas other alcoholic beverages are only sold at Alko. Remember to check that your friends find their home after a party, especially during winter so they do not fall asleep somewhere in a cold ditch.

As a fun fact, it can be mentioned that Finns are the biggest consumers of coffee in the world and drink as much as five cups of coffee a day.

Tipping

Tipping is not compulsory in Finland and service is included in restaurant bills. Tips are sometimes given when eating in restaurants, but it is not common when e.g. buying a drink or paying your taxi driver. People usually tip only when the food or service is outstanding. **You will not be considered rude if you do not tip.**

Smoking

According to Finnish law, smoking is forbidden in all public places, even in bars and restaurants. Normally Finnish people do not smoke inside. This includes both homes and public buildings. Smokers usually go outside, even in the winter. When visiting a Finnish home, smokers should always ask where they are allowed to smoke.

Drugs

Drugs, narcotics, and psychoactive substances, including cannabis, are illegal. Finnish customs regularly check mail deliveries from abroad for illegal substances. Drug-related offences are punished with fine or imprisonment.

Sauna

The sauna (*bastu/sauna*) is an important part of Finnish society. There are over 3.2 million saunas in Finland and almost every house has one. Additionally, saunas are especially popular at summer cottages. However, the importance of the sauna differs from one region to another.

A Finnish sauna is usually heated up to 80-100 °C (176-212 °F). Be sure to take a quick shower or dip in the sea/lake before going into the sauna. Stay in the sauna as long as you are comfortable and then go for a swim in the sea or a roll in the snow in the winter. Traditionally, you are naked in the sauna, but that is sometimes overlooked when foreigners are present. There are usually separate turns for women and men, but not within the family.

To learn more about the Finnish sauna, health aspects, history, and recommended bathing procedures, visit the website of the Finnish Sauna Society www.sauna.fi/en/ and most importantly, try it yourself!

Right of public access

The right of public access, or so-called everyman's rights, (*allemansrätten/jokaisenoikeudet*) gives everyone in Finland a legal right to enjoy the Finnish countryside for free. This means that you are allowed to move freely in nature and forage for mushrooms and berries without the landowner's permission. However, with these rights come big responsibilities not to damage the

environment or disturb others while exercising public access rights, see www.visitfinland.com/en/articles/finnish-everyman-rights-the-right-to-roam/.

How to Deal with Culture Shock

A culture shock, though not always as dramatic as the term might imply, is a perfectly normal and temporary reaction when adjusting to a new culture. Not everyone experiences a cultural shock. However, for some people the shock may be quite severe while for others it is easier to cope with.

When living and studying in a new culture, the integration period can last for a while. Surrounded by new people, customs, values, and environment; as one is constantly receiving new information, it is quite common to feel a bit out of place. Individual expectations affect how one reacts to a new country, so try to be open-minded.

A culture shock is not entirely a negative phase to go through. It can be a significant learning experience, after which you are more aware of aspects of your own culture as well as the new culture you have entered. Realizing that you might go through this phase when studying abroad and recognizing the symptoms will help you coping with it. Common symptoms include homesickness, depression, difficulty to concentrate and irritability. Culture shock can also cause physical symptoms such as nausea, insomnia, and loss of appetite.

Stages of Adaptation

When you are experiencing a culture shock, there are four basic identifiable stages of adaptation. Not everyone goes through these exact stages, but it is quite common to have these feelings when dealing with the positive as well as the negative aspects of a new culture. These include the feelings of:

Euphoria

The new environment is exciting, and you are enthusiastic and curious about the new country and its culture. Your own home culture with its habits is still fresh and active in your mind.

Conflict

Feelings of isolation and loneliness are common as you become more aware of the cultural differences. They seem more obvious and maybe frustrating. Familiar things, such as food from home and being with other students from your own country offer comfort. You might reject everything around you and feel hostility towards the new culture.

Comparing this new culture to your own is common, and many things seem to be much better at home.

Gradual Recovery

You accept the differences and similarities as you become more familiar with the new culture and new situations. You may feel relaxed and more confident in dealing with different aspects of the new culture

Acceptance

As you become more involved in different social activities and get to know the people and places around you, you will adapt to the new culture and create some sense of belonging. You may not even realize how well you have adjusted to the new culture until you return to your home country. Then you may experience a reverse culture shock.

Coping

When you are experiencing culture shock, it is important that you deal with it in a constructive way. When you find yourself in the middle of strange surroundings and people you do not know, it is advisable to pursue “a normal life”. Explore your new surroundings and locate useful places such as the post office, shop, bank, the Finnish Student Health Service Centre, and the hospital. Get settled in your apartment and make it cozy.

Introduce yourself to your neighbors and fellow students or researchers. Other newcomers are in the same situation, and you can support each other. Make the best of your time abroad by getting to know Finnish students as well. Take part in different social activities organized by the student associations, e.g. ESN (Erasmus Student Network), ISTU (International Students of Turku Universities) and ISAV (International Students' Association of Vaasa).

If you are having a hard time coping in the new environment, do not hesitate to talk about it with friends, colleagues, your tutor, teachers, or study advisors. Talk to your family and keep in touch with your friends back home. If you feel that you need professional help, please contact the Finnish Student Health Service (see chapter 6).

Keep an open and curious mind. If the Finnish social customs puzzle you, do not be afraid to ask questions and get to know the culture, customs, and values better. Also, keep in touch with your own culture (for instance a list of churches, temples and mosques can be found in chapter 12.2).

Throughout this period of cultural adaptation, remember to take good care of yourself. Adapting to a new country, culture, and social customs can sometimes be a complex and difficult process but in the end, experiencing new cultures is rewarding and enriching. **Relax, and fully enjoy your exchange period!**

Festivities and Public Holidays 2026–2027

On public holidays, some shops are closed or have shorter opening-hours. On the eve of the holiday, the shops usually close at the same time as on Sundays. During public holidays, the universities are closed, and public transportation follows the timetables for Sundays. Almost all days on the following list are public holidays. Some are not public holidays but are still celebrated in some way.

November 1: All Saints' Day (*Alla helgons dag/ Pyhäinpäivä*)

On All Saints' Day, people light candles on the graves of their loved ones. Halloween-like events also occur, however, they are not traditional.

November 9: Father's Day (*Farsdag/Isänpäivä*)

December 6: Independence Day (*Självständighetsdagen/Itsenäisyyspäivä*)

The Independence Day is a solemn celebration of Finnish independence from the Russian Empire. The Independence Day is usually celebrated peacefully at home. Some light two candles in the windows between 18:00 and 20:00. The Presidential Independence Day Reception is organized in the Helsinki Presidential Palace, where the president acts as host for some 2000 guests.

December 13: Lucia Day (*Luciadagen/Lucian päivä*)

Lucia Day is not a public holiday, but one of the most traditional Scandinavian festivities, celebrated in the Swedish-speaking parts of Finland, as well as in Sweden and Norway, in memory of the Italian Saint Lucia. In Åbo, you can witness the Saint Lucia procession in the Cathedral. In Vasa, you can witness the crowning of Saint Lucia in the Trefaldighetskyrkan (eng. Vaasa church) before the actual day. On the 13th of December you can follow the procession through the centre of the town and join in the traditional Christmas dances in the town hall of Vasa afterwards.

December 24–25: Christmas Eve and Day (*Julafton/Jouluaatto, Juldagen/ Joulupäivä*)

Christmas is celebrated on Christmas Eve, although it is not a public holiday. Traditionally Christmas is spent with family and close friends at home, whereas Christmas Day (public holiday) celebration traditions vary somewhat throughout the country.

December 26: Boxing Day (*Annandag jul/Tapanin päivä*)

Boxing Day is a public holiday.

December 31–January 1: New Year's Eve & Day

(*Nyårsdagen/ Uudenvuodenpäivä*)

Note that only New Year's Day is a public holiday, but the celebrations take place already in the evening of New Year's Eve, which is not a public holiday.

January 6: Epiphany (*Trettondagen/Loppiainen*)

A Christian holiday that marks the end of the religious Christmas time.

February 13: Shrove Tuesday (*Fastlagstisdag/Laskiainen*)

Shrove Tuesday is not a public holiday but is quite widely celebrated among students. The main event in Åbo is the sledging competition on Vårdberget/Vartiovuori.

April 18 – April 21: Easter (*Påsk/Pääsiäinen*)

Easter is celebrated in a calm manner, and shops are usually closed throughout Easter except on Easter Saturday.

May 1: May Day (*Vappen/Vappu*)

A big day of celebration among students and workers. The night before, April 30th, is also celebrated. Current and former students of all ages are wearing student overalls and their traditional white student caps and thousands of people gather on Vårdberget/Vartiovuori and Puolalabacken/Puolalanmäki in Åbo to celebrate. In Vasa, people gather by the statue of Topelius. In many bigger university towns, picnics are organized on May 1st. April 30th is not a public holiday, whereas May 1st is.

May 10: Mother's Day (*Morsdag/ Äitienpäivä*)

May 29: Ascension Day (*Kristi himmelsfärdsdag/ Helatorstai*)

A Christian holiday that celebrates Christ's ascension to heaven. There are no special celebrations.

June 8: Whitsunday/Pentecost (*Pingst/ Helluntai*)

A Christian holiday where the event of the Holy Spirit descending to the apostles are remembered. There are no special celebrations.

June 20–21: Midsummer’s Eve and Day (*Midsommar/Juhannus*)

Midsummer is celebrated on Midsummer’s Eve, which is not a public holiday, although shops may close earlier than usual. Midsummer’s Day is a public holiday. The cities may feel emptier than usual as many Finns spend Midsummer at their summer cottages. The universities are closed on Midsummer Eve.
